8th International Conference on

# Parasitology and Infectious Diseases

November 23-24, 2023 | Amsterdam, Netherlands

**Theme: Future Trends of Innovative research in Parasitology & Infectious Diseases**

# Invitation

We are glad to announce the **8th International Conference on Parasitology and Infectious Diseases & Novel Corona virus Diseases** to be held in **Amsterdam, Netherlands** from **November 23-24, 2023** organized by EuroSciCon ltd, UK in collaboration with generous support and coopera-tion from enthusiastic academicians and editorial Board Members.

Microbiology, Infective Disease, Viruses, infectious-diseases, Immune System, Analysis of Infectious Diseases, Diagnostics of Infectious Diseases, Remedy For Immunity, Infection and Study Of Evolution. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is about learning every day. Make it count in your professional life. Attend Parasitology 2023 Conference Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to November 23-24, 2023 Amsterdam, Netherlands

EuroSciCon

# A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

# Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

With over 25000+ Practitioners and Educators accessing the website, Parasitology 2023 is the most lucrative platform for Microbiology Industrialists, Infectious Industrialists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

## Parasitology 2023 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

## How's EuroSciCon different?

*Exercises your creative instincts with the live knowledge experience*
*It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries*
*Over 25 Million+ Visitors and 20000+ Unique Visitors per conference*
*World's leading industries and companies attend*
*Career guidance for early career researchers and students*
*Provides insights you need to take your research to the next level*
*A huge conclave of high tech and science priests*

# Who'd be attending?

Leading World Microbiology Industrialists, Parasitology Professionals, Professors, Research fellows, Leading Universities, Students, Directors of association and societies. **Parasitology & Infectious Diseases 2023** conference brings together individuals who have an interest in different fields of plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Microbiologists, Delegates and Directors/Co-Directors of Research based companies across Europe and US who are investing in Parasitology and Infectious Diseases and others who stay plunged in learning and practice of the science of technology. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

## About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

# Scientific Sessions:

- General Parasitology
- Advances in Parasitology
- Veterinary Parasitology
- Protozoology
- Pediatric Infectious Diseases
- Diagnostic Parasitology
- Immunoparasitology
- Therapeutic parasitology
- Anatomical Parasitology
- Equatorial Parasitology
- Cataloging of Parasites
- Biochemistry of Parasites
- Helminthology
- Arthropod Parasite
- Transmission of Parasitic Infection
- Tested Parasitology
- Scientific Manifestations of Parasitic Diseases
- Recombinant DNA Technology on Parasitology
