Paulette Mhawech-Fauceglia

Aurora diagnostics, USA

Presentation Title:

Brain Abcess in Cyanotic Congenital Heart Disease:
(Double Out let Right Ventricle, Transposition of Great Artery, Pulmonary Atresia, Ventricular Septal Defect, Major Aorto Pulmonary Collateral Artery) a Case Report

Biography:

Dr. Fauceglia is an American Board certified in anatomic and clinical Pathology since 1989 and she has a vast experience in Pathology and special expertise in Gynecologic Pathology. Her spent her entire professional career in an academic settings, first in Geneva University hospital, Switzerland then Roswell Park Cancer Institute (RPCI), Buffalo-NY and University of Southern California (USC), Los Angeles. She held numerous positions as a full professor and a Director of Gynecologic Pathology at RPCI and USC. She is very well published Pathologist with more than 150 publications in peer review journals as well as numerous book chapters. She is an expert in tissue microarray and focusing on immunomarkers in cancer patients, interpreting FISH and extracting DNA and RNA for proteonomics, nanostring and other techniques. She is now a Gynecologic consultant in Austin Texas.

Leandro Medrado

Oswaldo Cruz Foundation, Brazil

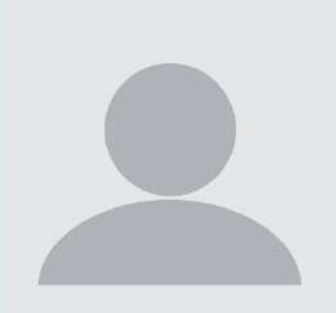

Presentation Title:

New Technologies applied to the technical work in Histopathology and Cytopathology: reflections of the historical carelessness with the professional education in Brazil

Biography:

Leandro Medrado holds a Master's Degree in Professional Health Education from the Oswaldo Cruz Foundation. Researcher at the Joaquim Venâncio Polytechnic School of Health (EPSJV/FIOCRUZ). Member of the Scientific Council of the Brazilian Society of Histotechnology and Coordinator of the Course of Professional Technical Education of Medium Level in Cytopathology, in partnership with the National Cancer Institute.

Rafael Parra-Medina
Fundación Universitaria Ciencias de la Salud.
Colombia

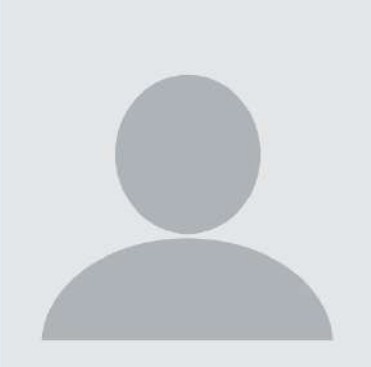

Presentation Title:

PDL-1 Expression in colorectal cancer with microsatellite instability in Colombia population. First description in our population.

Biography:
Rafael Parra-Medina is Pathologist from Fundación Universitaria Ciencias de la Salud and PhD student from Universidad del Rosario, Bogota, Colombia. He is research in the department of Pathology. He has published more than 30 papers in Engilsh and Spanish journals.

Speaker Slots Available

Dalia Hosny Abou-Elela
Menoufia University, Egypt

Presentation Title:

Higher tissue factor expression is associated with increased liver damage in diabetic patients with HCV- related cirrhosis

Biography:
Dr Dalia Hosny Abou-Elela has completed his MD from Faculty of Medicine-Menoufia University-Egypt. She has Professional Diploma in Quality and Management Systems in Educational Institutions-Ainshams University-Egypt.She is an associate professor of Clinical pathology departement faculty of Medicine Menoufia University-Egypt she also the vice manager of molecular unit of the same departement, She has published many papers in reputed journals.

Gamalthge.N
Sabargamuwa University Center, Sri Lanka

Presentation Title:

A STUDY OF PLACENTALVASCULAR CHANGES IN PRE-ECLAMPSIA

Biography:

MBBS Graduate from faculty of Medicine university of Kelaniya since 1997 and joined Ministry of Health 1998 as clinician. Finally in the 2018 he joined the, Sabaragamuwa University

He has qualified in MSc in Cellular Pathology Middlesex University, Award in Education and Training (L3), PG certificate in Medical Education, MD in Chest Medicine University of Seychelles, MSc in Biomedical Engineering, PG Diploma in Tuberculosis & Chest Diseases, PG Diploma in Occupational Health & Safety, University of Colombo.

Speaker Slots Available

Shah Rucksana Akhter Urme
Sylhet Agricultural University, Bangladesh

Presentation Title:

Impact of Air Pollutants on Autism: A Review

Biography:

Shah Rucksana Akhter Urme has completed her Bsc in Biotechnology and Genetic Engineering from Sylhet Agricultural University and continue Msc from the same University. She has attended National and International Conference titled on Significance of telomerase,Eco-friendly cultivation etc and also engaged herself vaccine developement research.She is enthusiastic member of voluntary organization. She researched more than one year about pathogenic bacteria and now she enroll in a Environmental project work in National Institute of Biotechnology in Bangladesh. She is very passionate about any scientific research.

Speaker Slots Available

A

Rabbia Khalid Latif

Rawalpindi Medical University, Pakistan

Presentation Title:

Spectrum of bone marrow changes in patients of advanced chronic kidney disease

Biography:

Dr. Rabbia has her expertise in evaluation and passion in improving the health and wellbeing. She completed her M.Phil in Hematology from Army Medical College, Rawalpindi in 2016 and currently working as lecturer at Rawalpindi Medical University, Rawalpindi. Her open and contextual evaluation model based on responsive constructivists creates new pathways for improving health care. She has built this model after years of experience in research, evaluation, teaching and administration both in hospital and education institutions. She is capable of accepting responsibility towards patient's health and well-being and has thorough knowledge of medical laws and ethical standards of medical care. .

Phyu Phyu Htut

University of Medicine, Myanmar

Presentation Title:

ANDROGEN RECEPTOR, Ki-67 AND HISTOLOGIC GRADES IN TRIPLE-NEGATIVE BREAST CANCER

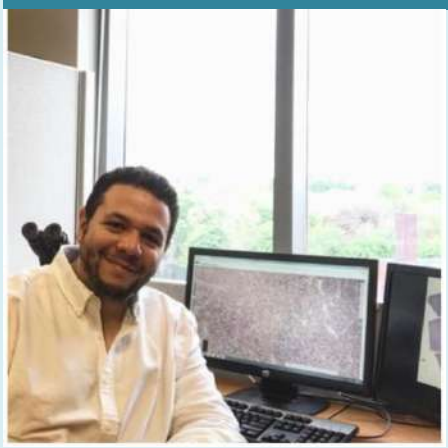

Biography:

Phyu Phyu Htut has completed her PhD from University of Medicine, Mandalay, Myanmar (2018). She is the Consultant Pathologist of the Department of Pathology, Mandalay General Hospital, Myanmar. She has done local presentation (1) An autopsy study of neonatal death (M.Med.Sc Thesis) at Myanmar Medical Association Conference, Mandalay (2006) (2) Renal transplant pathology at Pathology CME (2016)

Speaker Slots Available

Andres Mosquera-Zamudio

Fundación Universitaria Ciencias de la Salud, Colombia

Presentation Title:

Advantage of Z-Stacking For Teleconsultation Between the USA and Colombia

Biography:

Andres Mosquera-Zamudio is a anatomic pathologist from Bogota-Colombia graduated from the "Fundacion Universitaria de Ciencias de la Salud" (University of Health Scjences) and is a PhD Student in the "Universidad Nacional de Colombia" (National University of Colombia) in Biomedical Sciences. He also works in Keralty as a pathologist and associate instructor in it's University. His interests are Digital Paholoty and Image Analysis.

Tewodros Yalew

Addis Ababa University, Ethiopia

Presentation Title:

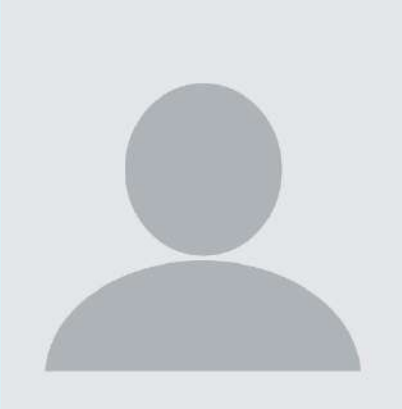

A Retrospective Assessment of Histo-morphologic Patterns among Ocular Surface Squamous Neoplasia at Tikur Anbessa Hospital

Biography:

Tewodros Yalew is a 28-year-old physician and a lecturer at Addis Ababa University, College of Health Science after successfully completing his medical study in 2014 G.C. He has been studying anatomic pathology since Jan 2016 where he diagnoses disease by doing biopsy, cytology and autopsy, and lay out treatment plans. Tewodros Yalew has done a five-year retrospective research on histo-morpholgy of Ocular Surface Squamous Neoplsia (OSSN), and He also working on a prospective study on OSSN with collaboration to Ophthalmolgy department from Menellek Hospital, AA, Ethiopia

Speaker Slots Available

Matin Shariati
Isfahan University of Medical Sciences, Iran

Presentation Title:

Association between oral lichen planus and Epstein–Barr virus in Iranian patients

Biography:

Matin Shariati has completed her MD at the age of 25 in the Isfahan University of Medical Sciences and specialized in pathology (anatomical and clinical) at the department of pathology, school of medicine, Isfahan University of Medical Science in April 2017. Now she is working as an anatomical and clinical pathologist in a public hospital
