Annual Summit on Pathology

Pathology 2019

April 17-18, 2019 | Tokyo, Japan

INVITATION

Pathology 2019

Meetings International proudly announces the **Annual Summit on Pathology** scheduled during **April 17-18, 2019 at Tokyo, Japan.** The conference emphasizes the theme "**Current trends, Advancements and Emerging Challenges**".

Meetings International provides an international dais for scientists and pathological science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of pathology has come into spotlight in the recent years. The main objective of pathological studies is to provide the knowledge, technical skills and experience necessary for residents to competently practice anatomic and clinical pathology, and to advance the teaching and practice of pathology and science.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

ABOUT TOKYO

Tokyo being Japan's bustling capital, fuses the ultramodern and the conventional, from neon-lit high hikes to indelible sanctuaries. The lavishing Meiji Shinto Shrine is known for its transcending door and encircling woods. The Imperial Palace sits in the midst of colossal open greenery enclosures. The city's plentiful galleries offer displays expanded from authorised workmanship (in the Tokyo National Museum) to a emulated kabuki theatre(in the Edo-Tokyo Museum). The Institute of Medical Science founded in 1892 as '' The Institute of Infectious Disease'', located in the University of Tokyo. The Institute has its own affiliated research hospital is Japan's research institute for medical science. The University of Tokyo Hospital provides an accurate and high-quality pathological diagnosis.
