EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Pediatric Cardiology Week aims to gather leading educational scientists, researchers and research students to exchange & share their experiences and research results about all aspects of Pediatric Cardiology.

Pediatric Cardiology Week Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 05-06, 2019
Florence, Italy

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3500+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Pediatric Cardiology Week

2019

Who'd be attending?

Pediatric Cardiology Week aims to gather leading educational scientists, researchers and research students to exchange & share their experiences and research results about all aspects of Pediatric Cardiology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Atherosclerosis Risk Factors
- Congenital Heart Defects
- Echocardiography
- Heart Transplantation In Children
- Interventional Paediatric Cardiology
- New-Borns with Cyanosis
- Pacemakers for Children
- Pediatric Cardiac Anesthesiology
- Pediatric Cardiology Cases
- Pediatric Cardiology Statistics
- Pediatric Electrophysiology Procedures
- Pediatric Heart Stroke
- Pediatric Open-Heart Surgery
- Pediatric Pericarditis
- Pediatric Viral Myocarditis
- Tachycardia & Bradycardia
- Pediatric Heart Catheterization
- Clinical Cardiology
- Pediatric Cardiomyopathy
- Pediatric Cardiac Tumors
- Pediatric Cardio Thoracic Surgery
- Pediatric Congestive Heart Failure
- Pediatric Cardiac Nursing

Pediatric Cardiology Week

2019

About Destination Florence

Florence is the capital city of the Italian district of Tuscany. It is the most crowded city in Tuscany, with 383,084 occupants in 2013, and more than 1,520,000 in its metropolitan territory. Florence was a focal point of medieval European exchange and account and one of the wealthiest urban communities of that period. It is considered by fundamental scholastics the origination of the Renaissance, and has been classified “the Athens of the Middle Ages”. Its violent political history incorporates times of standard by the amazing Medici family and various religious and republican upset. From 1865 to 1871 the city filled in as the capital of the Kingdom of Italy (settled in 1861). The Florentine lingo shapes the base of Standard Italian and it turned into the language of culture all through Italy because of the esteem of the gems by Dante Alighieri, Petrarch, Giovanni Boccaccio, Niccolo Machiavelli and Francesco Guicciardini. The city draws in a large number of vacationers every year, and UNESCO proclaimed the Historic Center of Florence a World Heritage Site in 1982. The city is noted for its way of life, Renaissance craftsmanship and engineering and landmarks. The city likewise contains various exhibition halls and craftsmanship displays, for example, the Uffizi Gallery and the Palazzo Pitti, and still applies an impact in the fields of workmanship, culture and legislative issues. Because of Florence’s aesthetic and engineering legacy, Forbes has positioned it as a standout amongst the most excellent urban areas on the planet. Florence assumes a significant job in Italian design, and is positioned in the best 15 style capitals of the world besides; it is a noteworthy national financial focus, just as a vacationer and mechanical center point. In 2008 the city had the seventeenth most astounding normal pay in Italy.
