Madrid is a city so brimming with life and culture in Europe, with the of the best art museums galleries on the mainland where renaissance masterworks and fundamental twentieth century pieces are holding up to enrapture you. Take in all the historical sights and get the foundation on the Spanish Empire that spread over the globe in the sixteenth and seventeenth hundreds of years. There are additionally endless easily overlooked details that make Madrid essential, regardless of whether that is a café con leche in a stately square, drinks at a rooftop bar or a meander through the Retiro or Casa de Campo on a bright day.
