Welcome Message

The popularity of Petroleum Engineering has increased significantly in recent years. Petroleum Engineering is considered as a relatively new among other Engineering disciplines. The boundaries of Petroleum Engineering are well defined in the first quarter of the twentieth century. In 1915, specialized Petroleum Engineering programs were established in the United States universities followed by other universities worldwide. From that time Petroleum Engineering science was rapidly growing and evolving to provide the humanity with the power source for the modern technology.

As demand for oil and its derivatives is increasing, education, research, and technology are also rapidly developing to drive the oil and gas sector forward by developing new technical solutions, standards and industry best practices. Petroleum Meeting will bring together key decision makers and innovators within this rapidly growing field. This intensive 2-Day program will examine various innovations and advancements. The event will cover Petroleum Geology, Geophysical Exploration, Hydraulic Fracturing, Advanced Drilling Technologies, Petroleum Refineries, Computer Applications in Petroleum Engineering, Computational Modelling, Petroleum Desulphurization, Reservoir Engineering & Reservoir Simulation, Advanced Natural Gas Engineering, Petrophysics & Petrochemistry, New frontiers in Petroleum Engineering, Major Challenges in Petroleum Industry, Environmental Impacts in Petroleum Engineering, Petroleum Substitutes, Petroleum Economics.

Join the industry's leading executives from numerous leading organizations to discuss and hear unique take-home examples, case studies and multiple development and delivery strategies to assist in reducing time-to-market on future products. Attend to gain an unmatched experience in the Petroleum Engineering field.

Meetings International Petroleum Meeting will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other novel development strategies from some of our workshops and symposiums. Engage in dynamic conversation with your industry peers at our multiple networking sessions, and takeaway novel advancements and commercialization strategies in Petroleum Engineering, which could speed up time

to market and save your organization millions. We hope you will join us in Singapore this November to enhance your capabilities and increase time to market on Petroleum and its derrivatives.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Who Should Attend?

- Petroleum Engineers
- Scientists, Researchers & Technical Staff from Petroleum Engineering field
- Professors, Students & Delegates from Petroleum Engineering Department
- Geologists, Geophysicists
- Reservoir Engineers
- Production Engineers
- Chemical Engineers
- Petrophysicts
- Petrochemist
- Petroleum Industrialists
- Environmental Engineers
- Oil & Gas companies
- Exploration & Production department
- Production engineers are the Potential Exhibitors for the Respective Conference
- The American Institute of Mining, Metallurgical, and Petroleum Engineers
- Geologists associations, US Oil and Gas Association, The Society of Petroleum Engineers

Why Attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 3 full days sharing innovative peptide drug development take-home strategies
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Industry and Academia Delegates
- Networking
- Exhibit hall with leading specialty manufacturing, instrumentation and development providers

Conference Highlights

- Petroleum Geology
- Geophysical Exploration
- Hydraulic Fracturing
- Advanced Drilling Technologies
- Petroleum Refineries
- Computer Applications in Petroleum Engineering
- Computational Modelling
- Petroleum Desulphurization
- Reservoir Engineering & Reservoir Simulation
- Advanced Natural Gas Engineering
- Petrophysics & Petrochemistry
- New frontiers in Petroleum Engineering
- Major Challenges in Petroleum Industry
- Environmental Impacts in Petroleum Engineering
- Petroleum Substitutes
- Petroleum Economics

Event at a Glance

Day-01 Wednesday 07 November 2017	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Hydraulic Fracturing | Advanced Drilling Technologies | Petroleum Refineries
13:00-13:45	Lunch Break**
13:45-16:00	Computer Applications in Petroleum Engineering
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Computational Modelling
Day Concludes	
Day-02 Thursday 08 November 2017	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Petrophysics & Petrochemistry
11:30-11:45	Network & Refreshments Break*
11:45-13:00	New frontiers in Petroleum Engineering
13:00-13:45	Lunch Break**
13:45-16:00	Major Challenges in Petroleum Industry
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Award Ceremony	
Conference Concludes	

Editorial Board Members

Deli Gao
China University of Petroleum
Beijing, China

Berrin Tansel
Florida International University, USA

Prashant N Kumta
University of Pittsburgh
USA

Dayanand Saini
California State University
USA

Arthur J Ragauskas
Georgia Institute of Technology
USA

Ehssan Mohamed Reda Nassef
Alexandria University
Egypt

Santosh Kumar
UMKC-School of Pharmacy
USA

Bharat Bhushan
Ohio State University
USA

Thavasi Renga Thavasi
Polytechnic Institute of New York University
USA

Edward PC Lai
Carleton University
Canada

Shiu-Mei Liu
National Taiwan Ocean University
Taiwan

Journals

Selected contributions will be published in following supporting international Journals

Journal of Petroleum & Environmental Biotechnology
https://www.omicsonline.org/petroleum-environmental-biotechnology.php

Journal of Oil & Gas Research
https://www.omicsonline.org/oil-gas-research.php

Journal of Chemical Engineering & Process Technology
https://www.omicsonline.org/chemical-Engineering-process-technology.php

Sponsorship and Exhibiting Opportunities

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 3 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 3 days for your company than the whole year! Whether the goal is to increase brand aware-ness and credibility, getnerate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call Program Manager on 800-101-2526 (or)

email him at pharmaceutics@pharmameetings.com with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability.

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Reevaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Singapore

Singapore officially the Republic of Singapore, and often referred to as the Lion City or the Little Red Dot, is a sovereign city-state in Southeast Asia, and the world's only island city-state. Singapore is a global commerce, finance and transport hub. Its standings include: the most "technology-ready" nation (WEF), top International-meetings city (UIA), city with "best investment potential" (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial centre, third-largest oil refining and trading centre, and the second-busiest container port. Singapore is a major international transport hub, prospered as an important point for land and water transportation as well as a commercial city.

Singapore's territory consists of a diamond-shaped main island along with 62 other islets and its greening policy has covered the densely populated island with tropical flora, parks and gardens. Singapore consists of 63 islands, including the main island, Pulau Ujong. There are two man-made connections to Johor, Malaysia: the Johor–Singapore Causeway in the north and the Tuas Second Link in the west. Jurong Island, Pulau Tekong, Pulau Ubin and Sentosa are the largest of Singapore's smaller islands.

Gardens by the Bay is a surreal green oasis in the heart of Singapore. It brings plants to life in a way you've never seen before. There you are surrounded by nature whilst feeling like you have stepped into the Avatar movie. This huge, colourful, futuristic park is famous for its high-tech Supertree Grove – a collection of magical giant trees – as well as Cloud Forest and Flower Dome.

One of the attractions at Marina Bay Sands, the ArtScience Museum is the world's first ArtScience museum, opened on 17 February 2011. This unique building is shaped like a lotus flower in bloom, and is anchored by a round base in the middle, with ten extensions referred to as "fingers", designed to be a symbolic gesture of welcome to guests from across the globe.
