

Meetings International WITH US

14th International Conference on

Pharmaceutical Chemistry

September 9-10, 2024 | Paris, France

Theme: Exploring Innovative Frontiers In Pharmaceutical Chemistry: From Molecules To Medicines

VISIT US

https://www.meetingsint.com/conferences/pharmachemistry

Dear Attendees,

We are delighted to invite you all to our upcoming **14th International Conference on Pharmaceutical Chemistry** is going to be held in **Paris France during**

September 9-10, 2024 This Conference highlights the theme “exploring innovative frontiers in pharmaceutical chemistry: from molecules to medicines”. The key strategic objective of **Pharma Chemistry 2024** is to communicate Pharmaceutical and Chemical research between academia, and industry. Through inspiring sessions and tons of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom line. We can relieve you of the time and resource draining elements of the events that you plan to hold. Pharma Chemistry 2024 is intended to deliver a miscellaneous and current education which will keep medical professionals up to date the latest methodologies, strategies and the present update in the field of Pharma Chemistry

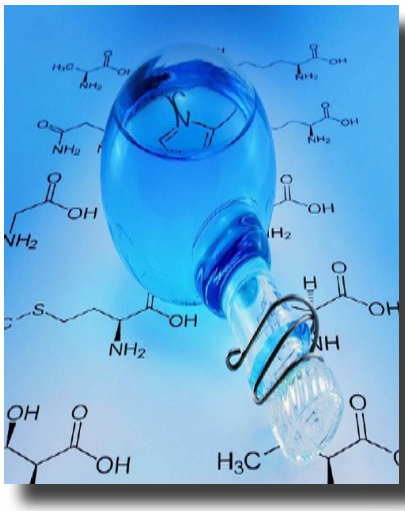

Sincerely,
Operating Committee
Pharma Chemistry 2024

Pharma Chemistry 2024

Scientific Sessions:

- Pharmaceutical Sciences
- Pharma Analytical Techniques and Instrumentation
- Pharmaceutical Regulatory Affairs
- Pharmacovigilance and drug safety
- Pharmaceutical Industry
- Drug Discovery
- Medical Pharmacology
- Pharmacoeconomics
- Pharmacy Practice
- Pharmaceutical Packaging

To identify the future directions of research

Peer review and high quality publication

Pharma Chemistry 2024

Young Research Forum:

Meetings International is announcing the Young Scientist Awards through the 14th International Conference on Pharmaceutical Chemistry (Pharma Chemistry 2024) which is scheduled in Paris, France during September 9-10, 2024. This Microfluidics conference focuses on Driving the future with Microfluidics & Bio-MEMS.

Pharma Chemistry 2024 will recognize participants who have significantly added value to the scientific community of Microfluidics and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences..

Benefits:

The Young Scientist Feature is a platform to promote young researchers in their respective areas by giving them a chance to present their achievements and future perspectives.

Acknowledgment as YRF Awardee Promotion on the conference website, Young Researcher Awards, and certificates Link on the conference website Recognition on Meetings Int. Award Page Chances to coordinate with partners around the world Research work can be published in the relevant journal without any publication fee

DAY 01/ September 9, 2024

Time	Session
09:00 - 10:00	Keynote Forum
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Sessions
13:00 - 13:30	Lunch Break
13:30 - 15:30	Sessions
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Sessions

DAY 02/ September 10,2024

Time	Session
09:00 - 10:00	Keynote Forum
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Sessions
13:00 - 13:30	Lunch Break
13:30 - 15:30	Sessions
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Sessions

VENUE:

Paris, France

Paris (nicknamed the" City of light") is the capital megacity of France, and the largest megacity in France. The area is 105 square kilometres (41 square long hauls), and around2.15 million people live there. However, the population of the Paris area rises to 10, If cities are counted.7 million people. It's the most densely peopled megacity in the European Union, with20.653 people per forecourt kilometre. The Seine River runs through the oldest part of Paris, and divides it into two corridor, known as the Left Bank and the Right Bank. It's girdled by numerous timbers. Paris is also the centre of French frugality, politics, business and culture. Paris has numerous art galleries and literal structures. As a business centre, Paris has a veritably good underground shelter system(called the Metro). It also has two airfields. The Metro was erected in 1900, and its total length is further than 200 km.
