Invitation

Stockholm is a city of contrasts. Trends in tune, design, style, and generation are born right here, and innovations that spread global are invented here. Stockholm additionally has a wealthy history comprising gorgeous structure, museums, the Royal Palace and the medieval city core of Gamla Stan. Trendy bars and world-class eating places are shoulder-to-shoulder with ancient cafes and secure neighbourhood pubs.

This is a town of current galleries and exclusive branch stores, in addition to small boutiques and precise stores. Stages and arenas attract Swedish and worldwide stars, and massive and small events come one after the subsequent. Stockholm is simultaneously urban and close to nature; water is an ever-gift function on this town where lake and sea meet. Parks and inexperienced regions abound, and the specific white archipelago boats journey to the islands. The atmosphere is open, tolerant and welcoming, and diversity and innovation are encouraged.

Stockholm is a metropolis for every person.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Pharmaceutical and Pharmaceutical Technology accessing the website, European Congress on Pharmaceutics and Pharmaceutical Technology is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pharmaceutics 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

EuroSciCon Conference on Pharmaceutics and Pharmaceutical Technology plays host for the Multinational Organizations, Entrepreneurs across the Globe,The Researchers and Academicians. Prominently Pharmacognosy Scientists/Research Professors/Chemists, Junior/Senior research fellows of Plant Science/Pharmacognosy/Pharmaceutics and Pharmaceutical Technology Students Science Students, Drug Development and Discovery Companies, Medical Technology Companies, Members of different Health Professionals, Members of different Pharmaceutical associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Pharmaceutical Sciences and Research,
- Pharmaceutical Formulation,
- Novel Drug Delivery System,
- Drug Targeting and Design,
- Pharmaceutical Nanotechnology,
- Nano medicine and Biomedical Applications,
- Industrial Pharmacy,
- Pharmaceutical Manufacturing,
- Chirality on Pharmacokinetics and Pharmacodynamics,
- Pharmaceutical Microbiology and Sterilization,
- Biopharmaceutical Principle of Drug Delivery,
- Pharmaceutical Packaging and Marketing,
- Pharmaceutical Biotechnology,
- Growth Strategies of Pharmaceutical Industries,
- Formulation Design and Pharmaceutical Technology,

About Destination Stockholm

Stockholm, the capital of Sweden, encompasses 14 islands and more than 50 bridges on an extensive Baltic Sea archipelago. The cobblestone streets and ochre-colored buildings of Gamla Stan (the old town) are home to the 13th-century Storkyrkan Cathedral, the Kungliga Slottet Royal Palace and the Nobel Museum, which focuses on the Nobel Prize. Ferries and sightseeing boats shuttle passengers between the islands.

There's no getting away from the fact that the archipelago with its 30,000 islands and skerries plays a huge role in Stockholm's appeal. The soothing vistas and the sea breeze is the perfect counterweight to the metropolitan feel of the city. Stockholm is also widely regarded as one of the world's most beautiful cities. Art, architecture and design play an integrated part of Stockholm city life. Music, food and fashion are at the cutting edge and the shopping is as good or better than even the largest capitals. The sparkling blue water and the archipelago next door is what defines Stockholm and gives it its unique character. Wherever you look, there's water. And since it's so clean, you can use it for all types of activities, like fishing and even swimming in the middle of town. Few cities pack so many interesting attractions into such a compact and easily accessible area. Castles? Check. Medieval old town? Check. Wide selection of museums and galleries? Check. Cool restaurants and nightclubs? Check! We could go on but we'll stop there. he never-ending summer nights are magical, but a nighttime Christmas market in the Old Town, powdered in white, is not to be missed either. In fact, all four, distinct seasons in Stockholm have their unique charms.
