

EuroSciCon

8th Edition of International Conference on

Pharmacognosy and Medicinal Plants

March 09-10, 2020
Rome, Italy

Theme:

New Trends & Effective Strategies for Medicinal & Natural Products

EuroSciCon

Pharmacognosy

2020

Invitation

Welcome to Rome, core point for phytotherapy and medicinal plants. and experience the science of Pharmacognosy and Medicinal Plants illuminated as never before. EuroSciCon is proud to host the **8th Edition of pInternational Conference on Pharmacognosy and Medicinal Plants** during **March 09-10, 2020 at Rome, Italy.** This year's theme is flagging the Path for medicinal plants. Pharmacognosy 2020 will provide an unprecedented opportunity for Plant lovers of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite toxicologists, pharmacognists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Pharmacognosy Conference is the perfect venue not only to dive into your particular toxicological interests but also to expand the scope of your knowledge. 21 Scientific tracks are devoted to subjects such as Natural Products of Medicinal Interest, Traditional Medicine, Pharmacognosy, Analytical Methods For Natural Products, Toxicological Studies of PlantProducts, Phytomedicine, Phytochemistry, Plant Biotechnology and Tissue Culture, Innovative Plant Extraction Methods, Applied Plant Sciences, Complementary And Alternative Medicine, Applications of Natural Products, Natural Products in Medicines, Analytical Techniques In Phytochemistry, Standardization Of Herbal Drugs, Formulation and Manufacture of Plant Medicines, Clinical pharmacognosy and Aromatic Medicinal Plants, Natural Products in Cancer Prevention and Therapy, Marine Drugs, Ethnopharmacology, Medicinal Plant Chemistry. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant pharmacognosy forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ toxicologists and pharmacologists accessing the website, Euro Toxicology 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pharmacognosy 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Rome, Italy

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Pharmacognosy

2020

Who'd be attending?

8th Edition of pInternational Conference on Pharmacognosy and Medicinal Plants plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Researchers, Investigative Toxicologists and Pharmacognists, Marine Researchers, Herbal Professionals, Laboratory Directors and Chemists and Druggist and others who stay plunged in learning and practice of the science of pharmacognosy.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Natural Products of Medicinal Interest
- Traditional Medicine
- Pharmacognosy
- Analytical Methods for Natural Products
- Toxicological studies of Plant products
- Phytomedicine
- Phytochemistry
- Plant Biotechnology and Tissue Culture
- Applied Plant Sciences
- Complementary and Alternative Medicine
- Applications of Natural Products
- Natural Products in Medicines
- Analytical Techniques in Phytochemistry
- Standardization of Herbal Drugs
- Clinical pharmacognosy and Aromatic Medicinal Plants
- Natural Products in Cancer Prevention and Therapy
- Marine Drugs
- EthnoPharmacology
- Medicinal Plant Chemistry
- Formulation and Manufacture of Plant Medicines
- Nutraceuticals

About Destination Rome

Rome, Italy's capital is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as The Forum and the Coliseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes.

Rome's history spans more than two and a half thousand years. While Roman mythology dates the founding of Rome at only around 753 BC, the site has been inhabited for much longer, making it one of the oldest continuously occupied sites in Europe. The city's early population originated from a mix of Latin's, Etruscans and Sabine's. Eventually, the city successively became the capital of the Roman Kingdom, the Roman Republic and the Roman Empire, and is regarded as one of the birthplaces of Western civilization and by some as the first ever metropolis. It is referred to as "Roma Aeterna" and "Caput Mundi" two central notions in ancient Roman culture. In 1871 Rome became the capital of the Kingdom of Italy, and in 1946 that of the Italian Republic.
