

EuroSciCon

July 11-12, 2022

Toronto, Canada

2nd International Conference on

Pharmacognosy and Natural Products

July 11-12, 2022 | Toronto, Canada

Theme: Advancements and Challenges in Pharmacognosy and Natural medicine

EuroSciCon

Pharmacognosy

2022

Invitation

We are glad to announce the 2nd International Conference o Pharmacognosy and Natural Products to be held in Toronto, Canada from July 11-12, 2022 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Pharmaceutical Sciences And Research, Medical students, Business Entrepreneurs, faculty, Formulation Design And Pharmaceutical Technology.

Life is about learning every day. Make it count in your professional life. Attend Pharmacognosy Conference-2022 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Toronto, Canada - July 11-12, 2022.

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Pharmacognosy-2022 is the most lucrative platform for Professors, Medical students, Faculty, Pharma Graduates, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Pharmacognosy-2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

2nd International Conference on Pharmacognosy and Natural Products Scientists and researchers related to the broad areas of Pharmaceutical Sciences, Pharmaceutical Researchers, Formulation Scientists, are most likely to attend Pharmaceutics 2020 and utilize the scope of extending their skills, and their work on basic and significant applications. The Pharmaceutics 2020 conference will be useful to participants from both Industrial as well as Academic fields in all the domains of Health care sectors. All other target audience includes:

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Introduction of Pharmacognosy
- Development of Pharmacognosy
- Ethnobotany and Ethnopharmacology
- Natural Product
- Sources of Natural Products
- Drugs from Natural Sources
- Natural Products Chemistry
- Natural Products as Anti-Cancer Agents
- Crude Drugs
- Drug Discovery Using Natural Products
- Ayurvedic Medicine
- Homeopathic Medicine
- Herbal and Traditional Medicine
- Medicinal and Aromatic Plants
- Therapeutic Importance of Medicinal Plant
- Extraction and Chemical Analysis of Medicinal Plants
- Safe Medicinal Plants for Clinical Studies
- Plant Physiology and Pathology
- Toxicological Study of Plant Products
- Herbal Cosmeceuticals and Cosmetics
- Herbal Medicines Use as Dietary Supplements
- Scope and Importance of Natural Products

About Destination Toronto, Canada

Toronto, city, capital of the province of Ontario, southeastern Canada. It is the most populous city in Canada, a multicultural city, and the country's financial and commercial centre. Its location on the northwestern shore of Lake Ontario, which forms part of the border between Canada and the United States, and its access to Atlantic shipping via the St. Lawrence Seaway and to major U.S. industrial centres via the Great Lakes have enabled Toronto to become an important international trading centre. Moreover, the city is positioned on the edge of some of the best farmland in Canada, with a climate favourable to growing a wide range of crops, thereby making Toronto a transportation, distribution, and manufacturing centre. Most importantly, its central location, along with a host of political policies favouring international trade, places this city with the greatest economic ties to, and influence from, the United States. Since the second half of the 20th century the city has grown phenomenally, from a rather sedate provincial town—"Toronto the Good"—to a lively, thriving, cosmopolitan metropolitan area. Area 244 square miles (632 square km); metro. area, 2,280 square miles (5,905 square km). Pop. (2011) 2,615,060; metro. area, 5,583,064; (2016) 2,731,571; metro. area, 5,928,040.
