Dear Colleagues,

Meetings International proudly announces the Global Experts Meeting on International Conference on Pharmacology scheduled on June 18-19, 2018, Tokyo, Japan. With a theme of "Research Advances in Pharmacological Field".

Meetings International provides a Global Platform for Pharmacology Professionals, Scientists, Researchers, Medical and Healthcare Professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences.

Pharmacology Meeting focuses on the importance to understand drugs and how they can affect human physiology. It is with better understanding of Pharmacology one can know the right dosage and dosage forms of drugs. More research in pharmacology deals with identifying and responding to drug interactions and its side effects along with its mechanism of action, its therapeutic index and thereby treat accordingly. More intensive study with the interaction between drug and its therapeutic effect helps to identify the properties of ideal drugs.

Conference Highlights :

- Advances in Pharmacological Research
- Pharmacological Testing
- Clinical Pharmacology and Receptor Theory
- Food and Chemical Toxicology
- Drug Discovery and its Evalution
- Environmental Pharmacology
- Toxicology
- Pharmacogenetics and Pharmacogenomics
- Applied Pharmacology
- Cardiovascular Pharmacology
- Pharmacokinetics and Pharmacodynamics
- Neuropharmacology & Psychopharmacology
- Nursing Pharmacology
- Pharmacovigilance
- Biochemical Pharmacology

Organizing Committee Members

Ahmed Kamel EL-Ziaty
Associate Professor
Ain Shams University
Egypt

Alireza Heidari
Professor
California South University, USA

Baojun Xu
Professor
Beijing Normal University, China

George Perry
Dean
University of Texas
USA

Mahmoud M. El-Mas
Professor
Alexandria University
Egypt

M. Fawzi Mahomoodally
Head of Health Science Department
University of Mauritius, Mauritius

Mirza R. Baig
Head of Clinical Pharmacy Department
Dubai Pharmacy College, UAE

Raafat Abd El-Gawad
Professor
Sharjah University
UAE

Day 1

Title: Synthetic flavonoid derivatives as novel modulators of platelet function

Sakthivel Vaiyapuri, University of Reading, UK

Title: LL37, an antimicrobial peptide underpins thrombotic complications during inflammatory

Divyashree Ravishankar, University of Reading, UK

Title: A study on the knowledge, attitude and practice of generic medicines among the doctors in a tertiary care teaching Hospital in north east India

Chayna Sarkar, NEIGRIHMS, India

Networking and Refreshments Break

Title: Effect of Phytocannabinoids in the Modulation of Thrombosis and Haemostasis

Eman Mousa S. Alzahrani, University of Reading, UK

Title: Impact of 1,8 Cineole on platelet function, thrombus formation and haemostasis

Kahdr, Alatawi, University of Reading, UK

Title: Synthesis and pharmacological evaluation of prodrugs of NSAIDs

Kamal Shah, GLA University, India

Lunch Break

Title: Antiangiogenic and AMP-Activated Protein Kinase Activities of Gracilaria coronopifolia J.G.

Katrin Mae M. Ortega, University Of Santo Tomas, Philippines

Title: Molecular cloning involving AAV-CXCL 12 gene

Kripa Raj Ahuja, The University of North Carolina at Chapel Hill, USA

Title: Role of Hippocampal Neurogenesis in Regulation of Feeding Behavior during Withdrawal

Morteza Karimian, Tehran University of Medical Sciences, Iran

Networking and Refreshments Break

Title: Cardiovascular and renal interactions between cyclosporine and NSAIDs With variable

Mahmoud M. El-Mas, Alexandria University, Egypt

Title: Women, trauma and alcohol dependency: Connections and disconnections in alcohol

Deanna L Mulvihill, TLI Foundation, USA

Title: Anacyclus pyrethrum roots stimulates humoral and cell mediated immunity in CCl4

Fatima Yousaf, Univerity of Sargodha, Pakisthan

****Speaker Slots available****

Day 2

Title: Transition metal complexes/organometallic compounds as anticancer/anti HIV drugs or in

Prakash Kinthada, Sri Vidyanikethan Engineering college, India

Title: Drug abuse, the problem

R.A. Abdeldayem, Mansoura University, Egypt

Title: Effect of Honey on Rate of Healing of Socket after Tooth Extraction in Rabbits

Sarraf Deependra Prasad, BPKIHS, Dharan, Nepal

Networking and Refreshments Break

Title: Beneficial effects of polysaccharides extracted from local Basella spp. promotion of wound-

Tz-Chuen Ju, St. Mary's Junior College of Medicine, Taiwan

Title: Assessment of Improvement in Feeding Behavior and Co Morbid Psychiatric Disorders in Morphine Addiction Period in Socialized Male Rats

Hamidreza Famitafreshi, Tehran University of Medical Science, Iran

Title: Safety Assessment, In-Vivo Anti-trpanosomal Activity of Methanol Root Extract of Securidaca longepedunculata in Mice Infected with Trypanosoma brucei brucei

Yusuf Haruna, Kebbi State University of Science and Technology, Nigeria

Lunch Break

Title: Effect Of Melatonin On Nicotine Induced Fertility Changes In Wistar Albino Male Rats

Balaji O, Kasturba Medical College, India

Title: Central Administration of 1-Deoxynojirimycin Attenuates Hypothalamic Endoplasmic Reticulum Stress and Regulates Food Intake and Body Weight in Mice with High-Fat Diet-Induced

Tae-Won Goo, Dongguk University College of Medicine, Republic of Korea

Title: Downregulation of Antimicrobial Peptides and Cytokines Increases Survival Rate of Gut-Damaged Drosophila by fed with Dextran Sodium Sulfate

Eun-Young Yun, Sejong University, Republic of Korea

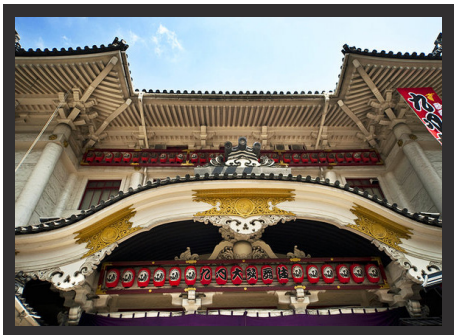

****Speaker Slots available****

Tourist Attractions

Edo Tokyo Museum

Kabuki za Theatre

Tokyo Dome

Red Pandas Prospect Park

Sens Ji

Tokyo Skytree

Tokyo Disneyland

Tokyo Disneyland

Odaiba Statue of Liberty

Tokyo Imperial Palace

About Tokyo

Venue:

Tokyo, Japan

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has neon, skyscrapers, salaryman crowds, packed trains, cutting-edge architecture and futuristic technology. But it also has ancient shrines, plant-covered wooden houses, cycling grannies, old-school sweet shops and village-like lanes.

Tokyo is a nirvana for foodies, and has the world's highest volume of Michelin stars in a city. Shopping is another highlight – it's worth bringing an empty suitcase to fill with hard-to-resist gadgets, trendsetting garments and treasures from craft and design stores. And now there's another reason to visit: the 2020 summer Olympics will take place in Tokyo. As a result, not only is the mood refreshingly upbeat, but a raft of new developments, hotels and infrastructure upgrades are in the pipeline.
