16th International Conference on

Pharmacology and Drug Discovery

June 21-22, 2023 | Rome, Italy

https://www.meetingsint.com/conferences/pharmacology/about-us

Invitation

Dear Attendees,

We welcome all the dynamic scholars from all over globe to attend the ***16th International Conference on Pharmacology and Drug Discovery*** scheduled on ***June 21-22, 2023*** at Rome, Italy. This pharmacology Conference will be organized around the theme To faster the strategies of Pharmaceutics and Novel Drug Delivery Systems. This is the best opportunity for those who have centred their focus on the pharmacology and want to share with the rest of the world. Presentations, distribution of information, meetings with current and potential scientists, discussions on the new developments and research and receiving recognition at this event are the main motives of this Conference. Renowned speakers all over the globe are welcomed to talk about their researches, developments and also discuss the latest updates and new techniques in pharmacology are hallmarks of this Pharmacology Conference. Meetings International gives Global Platform to Pharmacologist, Healthcare Professionals, Bioinformatics, Clinical and Cellular Pharmacologists and Biotech Professionals to Exchange Ideas, Knowledge and Networking at its World Conferences. Attend the Pharmacology 2023 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level..

Sincerely,

Operating Committee

Pharmacology 2023

Conference Highlights

- Neuropharmacology
- Toxicology
- Molecular and Clinical Pharmacology
- Clinical Pharmacy and Pharmacotherapeutics
- Pharmacovigilance Significance and Scope
- Paediatric clinical pharmacology
- Clinical Pharmacology
- Ecopharmacovigilance
- Immunopharmacology
- Cardiovascular Pharmacology
- Biochemical Pharmacology
- Antibiotics

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Rome Attractions

Explore Rome

Italy officially the Italian Republic or Republic of Italy is a country that consists of a peninsula delimited by the Alps and several islands surrounding its territory largely coincides with the homonymous geographical region. Italy is located in the middle of the Mediterranean Sea, in Southern Europe; it is also considered part of Western Europe. A unitary parliamentary republic with Rome as its capital and largest city, the country covers a total area of 301,230 km2 (116,310 sq. mi) and shares land borders with France, Switzerland, Austria, Slovenia, as well as the enclave microstates of Vatican City and San Marino. Italy has a territorial exclave in Switzerland, Champion. With over 60 million inhabitants, Italy is the third-most populous member state of the European Union.

Rome is the capital city of Italy. It is also the capital of the Lazio region, the centre of the Metropolitan City of Rome, and a special comune named Commune di Roma Capital. With 2,860,009 residents in 1,285 km2. Rome is the country's most populated commune and the third most populous city in the European Union by population within city limits. The Metropolitan City of Rome, with a population of 4,355,725 residents, is the most populous metropolitan city in Italy.
