About London, UK

London is the capital and largest city of England and the United Kingdom. The city stands on the River Thames in the south-east of England. London is one of the world's most important global cities. It exerts a considerable impact upon the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is one of the largest financial centres in the world. Media companies are concentrated in London and the media distribution industry is London's second most competitive sector. London is a major international air transport hub with the busiest city airspace in the world. The London Natural History Society suggest that London is "one of the World's Greenest Cities" with more than 40 per cent green space or open water.
