Invitation

Plant Genomics 2020

Dear Attendees,

Meetings International proudly announces the 4th World Plant Genomics and Plant Science Congress scheduled during August 19-20, 2020 in Osaka, Japan. The conference emphasizes the theme “Surpassing the Vision in Plant Genomics and Plant Science”.

This event focuses on aspects such as breeding, genetics market development, crop/ trait improvement, disease resistance, epigenetics, evolution studies and transgenic plants as well understanding tools to overcome barrier and enable successful data analysis and management. Presentations concentrate not only particular to plant genome science but also crop and forestry research ranging from wheat, barley, maize and rice to potato, tomato, Arabidopsis, biofuels and various fruits. This conference is your best opportunity to reach the largest assemblage of participants from the Plant Science and Genomics community

Sincerely,

Operating Committee
