

Meetings Int. is coming with the online platform to introduce global academic and industrial experts together through virtual programming.

On the parallel to Plant Genomics 2021, we are delighted to conduct the online session on June 29, 2021, in Paris, France. All the virtual sessions will be conducted to share and discuss varied topics of plant science, plant genome science, plant biotechnology and more with keynote sessions, Oral and E-Poster presentations.

Let's join together and experience the enrichment of Plant Genome and Science Research...!!

Benefits:

- Career development
- Make virtual connections
- Cost-effective as travel, accommodation is not required
- Convenient to all
- Time and money saviour

Why attend?

- A constant source of fresh ideas and insights from peers
- Affordability
- Increasing connections
- Certification and recognition
- Visibility of profile across the globe
- Creation of one web page for each participant
- Interactive and informative
- No travel required.
