New York Attractions

Explore New York

New York, constituent state of the United States of America, one of the 13 original colonies and states. New York is bounded to the west and north by Lake Erie, the Canadian province of Ontario, Lake Ontario, and the Canadian province of Quebec; to the east by the New England states of Vermont, Massachusetts, and Connecticut; to the southeast by the Atlantic Ocean and New Jersey; and to the south by Pennsylvania. Some of the newer tourist attractions that have opened in New York in recent years, like the High Line and One World Observatory, offer unique perspectives of the city. Any time of year and any time of day or night there are an endless array of things to see and do in New York. The Statue of Liberty was France's gift to America. Built in 1886, it remains a famous world symbol of freedom and one of the greatest American icons.New York such a beautiful and livable city. Some of the most popular places to visit include the Belvedere Castle, Strawberry Fields, the Central Park Zoo, and the Lake.

Venue
New York, USA
