INVITATION

ABOUT CONFERENCE

By successfully completing **Plant Science 2024** conference, we are glad to announce our upcoming **"6th International Conference on Plant Science"** on **November 13-14, 2025** in **Bali, Indonesia**. The Conference focuses on the

Theme "Plant Biotechnology for Sustainable Agriculture"

Plant Science 2025 invites oral sessions on plant physiology and biotechnology, molecular plant breeding, and innovations in crop improvement techniques. The conference welcomes discussions on the genetic engineering of plants, plant-microbe interactions, and the application of plant-based solutions in sustainable agriculture and climate resilience. Emphasis will also be placed on recent advancements in plant tissue culture, genome editing (CRISPR/Cas), phytochemistry, and conservation of endangered plant species. Plant Science 2025 aims to showcase cutting-edge research and technological advancements in plant biology, agriculture, and environmental sustainability for addressing global food security and ecological challenges.

YOUNG RESEARCH FORUM:

This prestigious platform will recognize early-career researchers who have made valuable contributions to the field of plant science, agriculture, and environmental sustainability. The Young Scientist Award aims to foster the growth of emerging scientists by offering them a unique opportunity to present their research, engage in discussions with global experts, and build meaningful professional connections.

We look forward to encouraging and celebrating the next generation of leaders in plant research through this initiative.

- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities

TARGET AUDIENCE

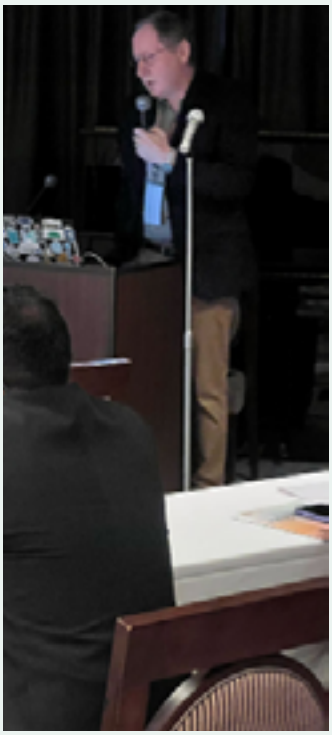

- All the Stake Holders (both Academia & Industry) of the Sector
- Researchers & Innovators
- Experts Looking for Collaborative Work
- Product Developers
- Solution Providers
- Sales & Marketing Professionals
- Associations, Societies, & Professional Bodies
- Funding Agencies & Fund Raisers
- Management Bodies
- Decision Makers

SESSION HIGHLIGHTS

- Plant Biotechnology
- Plant Nutrition and Soil Sciences
- Plant Anatomy and Morphology
- Plant Physiology and Biochemistry
- Agronomy and Agricultural Research
- Plant Molecular Biology
- Plant Genetics and Genomics
- Plant Pathology and Mycology
- Marine Biology and Traditional Plants
- Plant Hormones
- Plant Metabolic Engineering
- Plant Sciences and Research

Past Event Report

Meetings International Conference successfully hosted its Fourth series on the **"International Conference on Plant Science"** as a webinar during March 28-29, 2024. The conference was organised with a theme focused on "Plant Biotechnology for Sustainable Agriculture" and it was a great success. Eminent keynote speakers from various universities addressed the gathering. The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

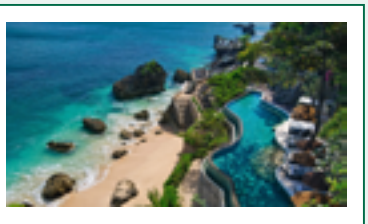

About Venue:

Bali, Indonesia, often referred to as the “Island of the Gods,” is a world-renowned destination celebrated for its vibrant culture, lush landscapes, and serene spirituality. With its pristine beaches, terraced rice fields, and volcanic mountains, Bali offers a harmonious blend of natural beauty and cultural richness. Traditional Balinese temples, colorful festivals, and the welcoming local communities provide a truly immersive experience for visitors seeking both relaxation and inspiration.

Beyond its picturesque scenery, Bali is also a hub for international gatherings, offering modern infrastructure, world-class resorts, and excellent connectivity, making it an ideal location for global conferences and academic events. Attendees can enjoy the unique combination of productive scholarly engagement and the opportunity to explore Bali’s diverse attractions—from Ubud’s art villages and Seminyak’s lively beach scene to the tranquil temples of Uluwatu. Bali promises not just a destination, but an unforgettable experience.
