

4th EuroSciCon Conference on

Plant Science & Genomics

AUGUST 03-04 LONDON, UK

Theme:

Accelerating Advanced Innovations in Plant Genomics and Plant Science

Invitation

Welcome to London, UK.

On behalf of Plant Science Organizing Committee, academics, Counsellors, Registered Dieticians, Health-Care Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Plant Science and Genomics, Plant Science and Genomics based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from the nutrition and dietetics and its allied are invited to be part of this annual event..

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field of Plant Science and Genomics.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

August 03-04, 2020
London, UK

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

With over 25000+ nutritionist and dietetians accessing the website, Plant Science 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Plant Science 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Who'd be attending?

EuroSciCon Conference on Plant Science & Genomics gives chance to meet Academics, Counsellors, Health-Care Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Plant Science and Genomics Associates, Plant Science and Genomics based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from Plant Science industry and academic field respectively and share ideas, knowledge and different views on various areas of Plant Science and Genomics.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology and Institute of Biomedical Science (IBMS). Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Plant Tissue Culture and Plant Biotechnology
- Tissue engineering and 3D Printing using plants
- Plant Taxonomy and Ecology
- Plant Pathology, Micro-Biology, Virology and Mycology
- Plant Nanotechnology
- Plant Breeding and Molecular Breeding
- Ayurveda and Food
- Plant Metabolomics
- Genetically Modified Organisms
- Anti-microbial, Aromatics And Medicinal Plant
- Plant interactions with environment and other organisms
- Soil science and soil-plant nutrition
- Crop And Seed Science Research
- Agronomy and Agricultural Research
- Horticulture and Landscaping
- Forest Science and Technology
- Plant Fertilizers and Pesticides
- Plants and Climate change
- Plant Bioinformatics, Proteomics and Data Analysis
- Plant Sciences and Plant Research
- Plant Genomics and Genetic

EuroSciCon

Plant Science 2020

About Destination London

London city is the largest city in England which is also called as largest capital city of England and the United kingdom, and it has the largest municipal population in the Europe union standing on the river Thames in the south - east of England, at the head of its 50-miles (80 km) estuary leading to the North sea, London has been considered a major settlement for two millennia.

London is consider to be one of the world's most important global cities and also has been termed the world's most powerful, most popular for work, most desirable, most influential, innovative ,sustainable, most investment friendly, and the most visited most vegetarian –friendly most expensive city in the World Hematology Supporting London exerts a considerable impact upon the arts, commerce, education, entertainment, healthcare, media, finance, fashion, professional services, research and development, tourism and transportation. London rank 26 out of 300 major cities for economics performance
