Theme

Accelerating advance research and Innovation in Plastic & Aesthetic Surgery

Welcome Message

It is my pleasure to welcome the many foreign participants at Plastic Surgery meeting 2018 held this year in Singapore.

Meetings International proudly announces the Global Experts Meeting on Plastic Surgery scheduled during May 14-15, 2018 in Singapore. The conference emphasizes the theme "Accelerating advance research and innovation in plastic & Aesthetic surgery".

During this Conference, you will have the opportunity to share knowledge, learn, up-date and teach and learn old and new techniques. You will have the opportunity to see and hear the most important world specialists of Non-Surgical Aesthetic Procedures, Craniofacial Surgery, Facial Plastic Surgery, Hand Surgery, Micro surgery, Burn Surgery, Cosmetic Dentistry, Pediatric Plastic surgery ,Reconstructive surgery and Cosmetic Surgery and others dedicated to the aesthetic development in all areas.

Singapore is Awesome. Incredible. Beautiful. In fact, for travellers looking for an overseas experience, it might just be the best destination in the world.

The toiletries and plastic Surgery categories in Singapore are poised to reap the benefits of our shifting demographic makeup. A maturing population, increasing multiculturalism and the rise in connected commerce is influencing what beauty products we buy and where

Future product development and marketing campaigns for toiletries and cosmetics should be planned with Singapore aging population in mind.

Plastic Surgery meeting-2018 will bring together key decision makers and innovators within this rapidly growing field. This intensive 2-Day program will focus on various fields of Plastic surgery.

Meetings International -Plastic Surgery meeting-2018 will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other novel development strategies. We hope you will join us in Singapore this year, 2018.

Sincerely,

Operating Committee

About Singapore

Singapore officially the Republic of Singapore, sometimes referred to as the Lion City, the Garden City or the Little Red Dot, is a sovereign city-state in Southeast Asia. It lies one degree (137 km) north of the equator, at the southern tip of peninsular Malaysia, with Indonesia's Riau Islands to the south. Singapore's territory consists of one main island along with 62 other islets. Since independence, extensive land reclamation has increased its total size by 23% (130 km2), and its greening policy has covered the densely populated island with tropical flora, parks and gardens.

Stamford Raffles founded colonial Singapore in 1819 as a trading post of the East India Company; after its collapse and the eventual establishment of the British Empire, the islands were ceded to Britain and became part of its Straits Settlements in 1826. During the Second World War, Singapore was occupied by Japan. After early years of turbulence, and despite lacking natural resources and a hinterland, the nation developed rapidly as an Tiger economy, based on external trade and its workforce.

Singapore is a global commerce, finance and transport hub. Its standings include: the most "technology-ready" nation (WEF), top International-meetings city (UIA), city with "best investment potential" (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial center, third-largest oil refining and trading center, and the second-busiest container port. The country has also been identified as a tax haven.
