

7th International Conference and Exhibition on

Polymer Chemistry

June 23-24, 2022 | Dublin, Ireland

Theme: Accelerating & Exploring the Research Trends & Novel Innovations in Polymer Chemistry

Invitation

Welcome to Dublin, Ireland.

On behalf of Polymer Chemistry 2022 Organizing Committee, academics, Counsellors, parasitologists, Health-Care Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Immunology Associates, Chemistry based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from the nutrition and dietetics and its allied are invited to be part of this annual event.

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field of nutrition and dietetics.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Venue

June 23-24, 2022 | Dublin, Ireland

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

With over 25000+ parasitologists accessing the website, Polymer Chemistry 2022 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Polymer Chemistry 2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who will be attending?

7th Edition of International Conference and Exhibition on Polymer Chemistry gives chance to meet Academics, Counsellors, Clinical Nutritionists, Registered Dieticians, Health-Care Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Nutrition and Dietetics Associates, Nutrition, Dietetics & Nutraceuticals based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from nutrition industry and academic field respectively and share ideas, knowledge and different views on various areas of Nutrition, Dietetics & Nutraceuticals.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology and Institute of Biomedical Science (IBMS). Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Recent Developments In Polymer Synthesis
- Polymer Design And Reaction
- Polymer Physics And Characterizations
- Stereochemistry Of Polymers
- Biodegradable Polymers
- Biopolymers & Biomaterials
- Polymer Engineering
- Polymers For Emerging Technologies
- Polymerization Catalysis
- Applications Of BioPolymers
- Bioplastics
- Polymer Nanotechnology
- Future Market Of Polymers
- Polymer Science
- Polymers For Stem Cell
- Polymers In All-Solid-State Batteries

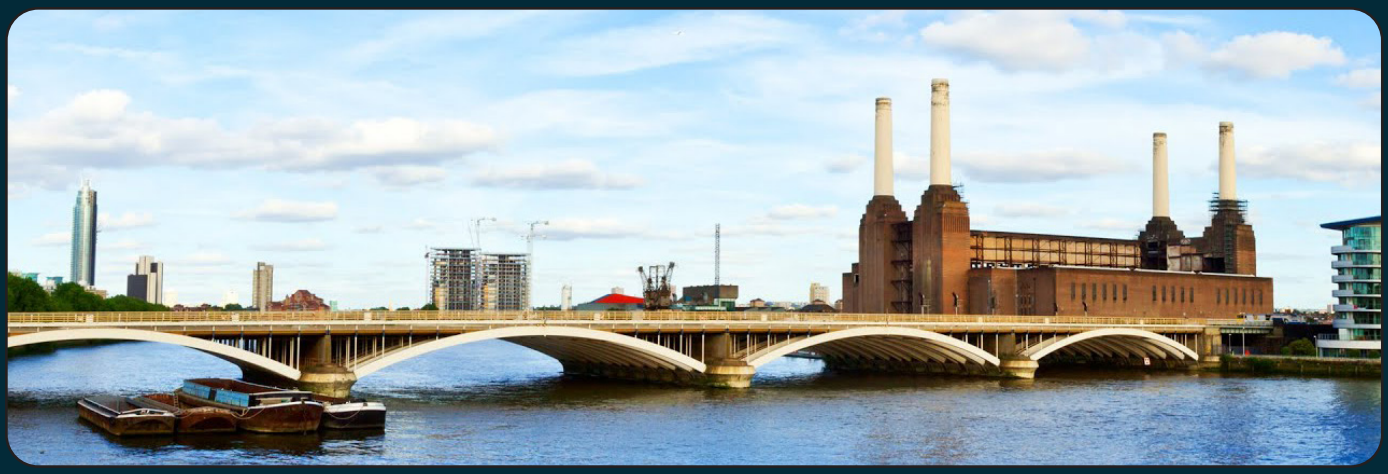

Polymer Chemistry 2022

About Destination London

Dublin is the capital and largest city in Ireland. Dublin is in the province of Leinster on the east coast of Ireland, at the mouth of the River Liffey and bordered on the south by the Wicklow Mountains. Dublin was as a global city, with a ranking of "Alpha-", which places it amongst the top thirty cities in the world. It is a historical and contemporary Centre for education, the art, industry, administration, and economy. There are many historical monuments and landmarks in the great city of Dublin some of the area include the Mansion House, the Anna Livia monument, the Molly Malone statue, Christ Church Cathedral, Irish Coffee Bars, St Patrick's Cathedral, National Print Museum of Ireland and National Library of Ireland, Saint Francis Xavier Church on Upper Gardiner Street near Mountjoy Square, The Custom House and Áras an Uachtaráin, The Poolbeg Towers, Dublin Castle, Guinness Storehouse and the Spire of Dublin, or officially titled "Monument of Light". It is a place of greeneries where it hosts many Public parks like the Phoenix Park, Herbert Park and St Stephen's Green. The park is also home to Dublin Zoo (Panda Zoo) & Ashtown Castle

Dublin was also referred as "Tech Capital of Europe" & "European Capital of Science" along with that this great city of Dublin has the title "UNESCO City of Literature". It also a home of many Nobel Laureates of various fields. So, this great city has been considered as an educational hub of Ireland where about three fourth of Scientists are doing their research in Dublin. The Dublin region is the economic Centre of Ireland. Dublin was listed as the fourth richest city in the world by purchasing power and 10th richest by personal income. Companies such as Microsoft, Google, Amazon, eBay, PayPal, Yahoo!, Facebook, Twitter, Accenture and Pfizer now have European headquarters and/or operational bases in the city, with several located in enterprise clusters like the Digital Hub and Silicon Docks. Dublin experiences a maritime climate with cool summers, mild winters, and a lack of temperature extremes which gives a pleasant stay all throughout the year. By seeing the wonders this great city Dublin it has been twinned in 4 countries around the world as San Jose - United States, Liverpool - United Kingdom, Barcelona - Spain, Beijing - China, Emmetsburg, Iowa - United States.
