Invitation

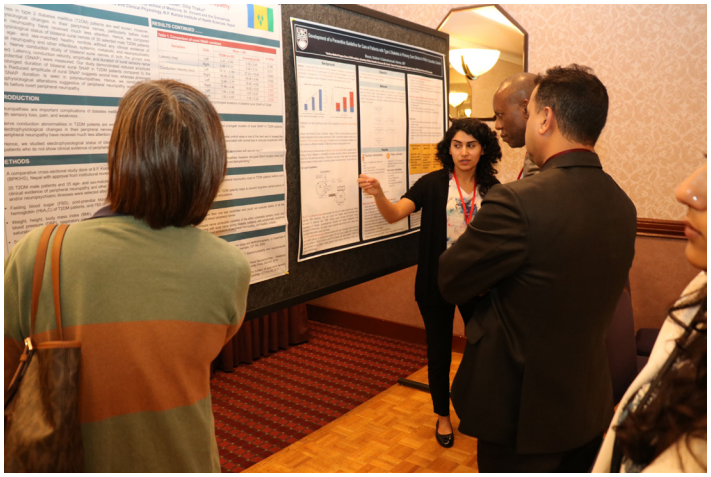

Meetings International invites all the participants from all over the world to attend "**International Conference on Proteomics and Bioinformatics**" with the theme "**Explore the advanced and latest research in Proteomics and Bioinformatics** ", which will be held during **December 03-04, 2018** at **Osaka, Japan**.

Meetings International Contributes opportunities to scientists and proteomics and Bioinformatics professionals to enhance their skills and improve quality of research. We welcome you to go along with at the Proteomics 2018, where you will make certain to have an important involvement with both your colleagues and exports from around the globe. It helps you to implement practical, proven strategies to run your research more effectively, efficiently and profitably.

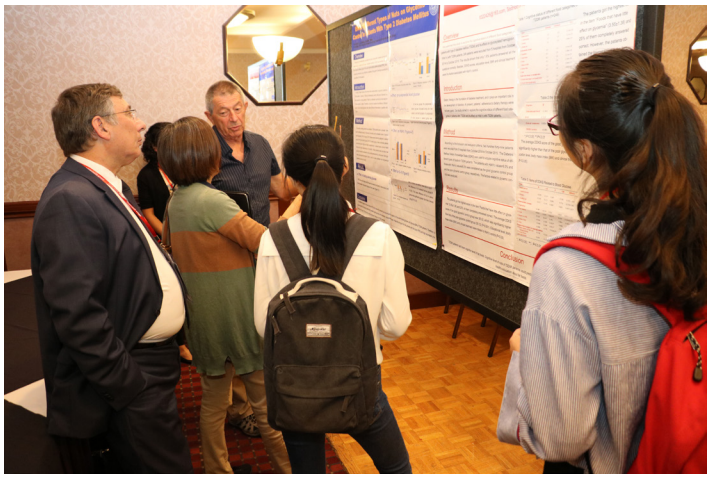

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

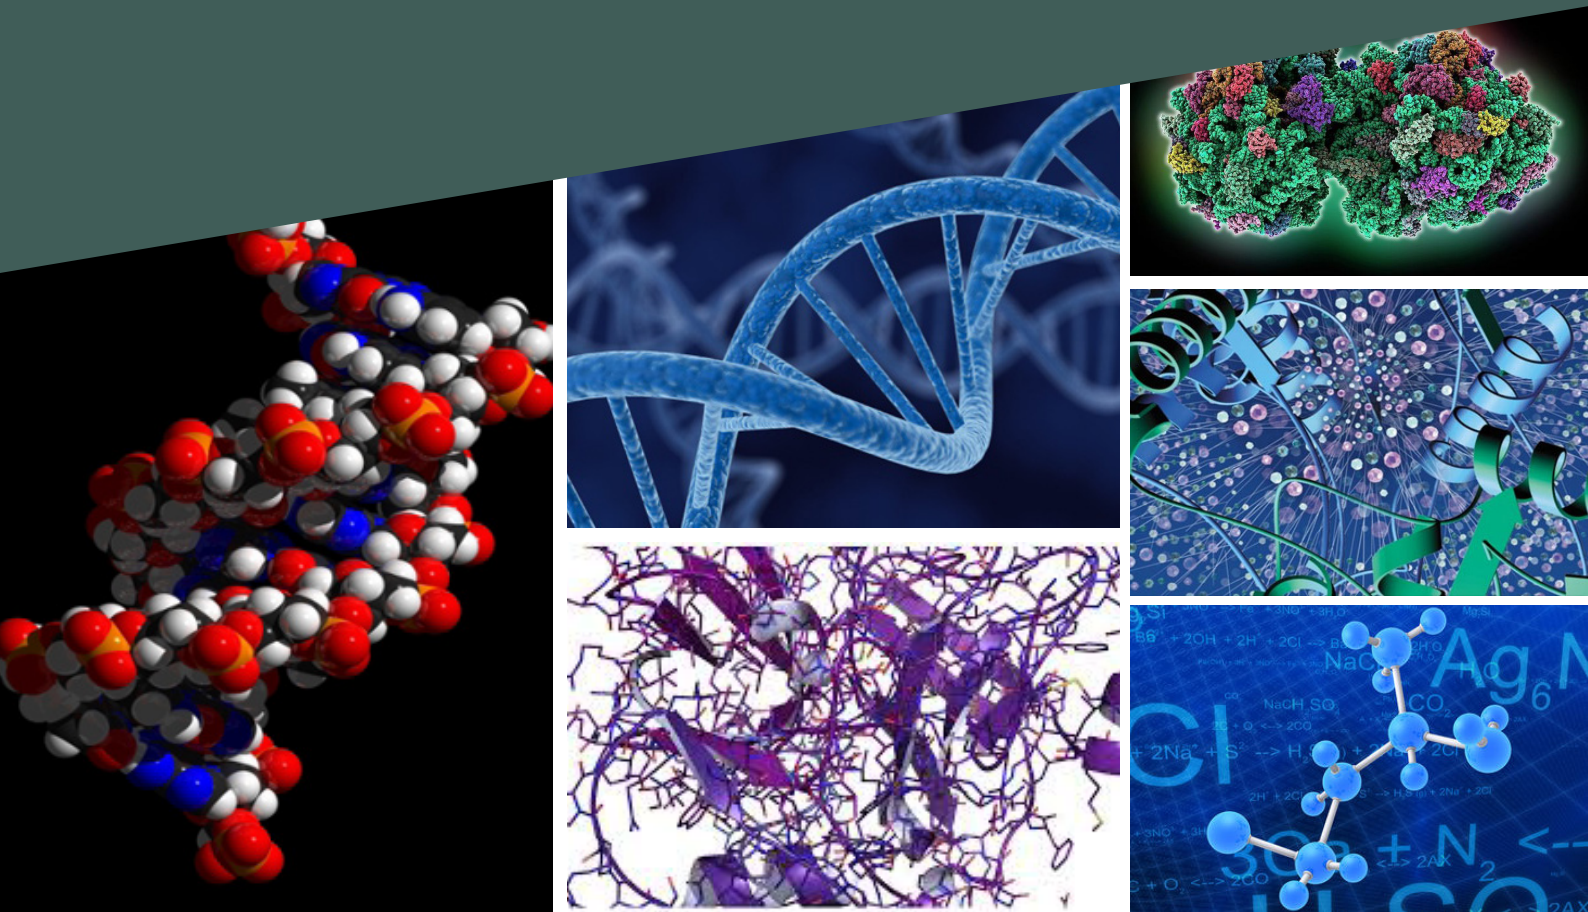

Conference Highlights

- Proteomics & Bioinformatics
- Protein Expression and Analysis
- Mass Spectrometry in Proteome Research
- Proteomics in Biochemistry and Molecular Biology
- Proteomics in Drug Discovery
- Proteomics in Food & Nutrition
- Plant and Animal Proteomics
- Neuroproteomics & Neurometabolomics
- Genomic Informatics
- Cancer and Clinical Proteomics
- Clinical Bioinformatics
- Proteomics in Computational Systems Biology
- Machine Learning in Bioinformatics
- Emerging trends in Proteomics
- Quantitative Proteomics Practical
- Applications for Bioinformatics in Proteomics Research
