Paris Attractions

Explore Paris

Paris, city and capital of France is located in the north-central part of the country on the river Seine. For centuries Paris has the well-deserved reputation of being the most beautiful and romantic of all cities, brimming with historic associations and remaining vastly influential in the realms of culture, art, fashion, food and design, business and commerce, entertainment, haute couture, painting, literature and intellectual community. When you're hoping to pay a visit to one of the world's most beautiful cities, then October is a good time to visit Paris to get amazing deals on hotels and witness fewer crowds and shorter queues at museums, galleries and major landmarks. During the month, several events take place like Montmartre Walking Tour, Paris International Agricultural Show, Paris carnival Procession and Chinese New Year. So enjoy the epic spectacle of Paris Carnival, a colourful costume parade with floats that provides a welcome burst of joy during the cold, grey winter days. In October the weather is often chilly, so be sure to wrap up warm. There's no shortage of public transportation in Paris—we've got the train, metro, bus, tram and even a bike share. It's the fastest and cheapest way to get around the city, to reach the venue and also letting you pack more into your sightseeing schedule.
