ABOUT NEW YORK

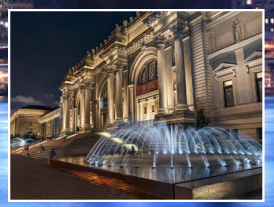

New York City's Five Boroughs Brooklyn, Manhattan, the Bronx, Rulers and Staten Island are home to 8.2 million occupants also, a travel destination for many guests consistently (50.5 million out of 2016, to be correct). One of the world's incredible City, New York City is a worldwide Center for Dental science, research, amusement, craftsmanship, fashion, media, fund, and exchange. The clamoring, cosmopolitan heart of the 4th biggest megalopolis in the world and by a long shot the most crowded city in United States, New York has for quite some time been a key section point and an illustrate city for the country. From the Empire State Building overshadowing the Manhattan skyline, to the Statue of Liberty in the harbor, from the high rises of Wall Street, to the passages of the metro, from the naturalistic excellence of Central Park, to the splendid signs of Times Square, and from Coney Island in Brooklyn to the Yankee Stadium in the Bronx, New York's tourist spots are quintessential American tourist spots. Home to the Statue of Liberty, Times Square, Realm State Building, and other notorious sites, New York City is a quick paced, internationally persuasive Center of art, culture, finance and fashion. The Metropolis 5 districts sit where the Hudson River meets the Atlantic Ocean, with the island borough of Manhattan at "New York" center.
