Pulmonology 2020

Meetings International

Invitation

Meetings International proudly announces the **Asian Pulmonology Summit** scheduled during **July 22-23, 2020 at Hong Kong, China.** The conference emphasizes the theme "**Neoteric Developments in Respiratory Research and Treatment**".

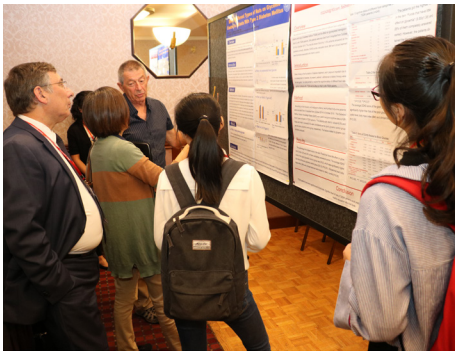

Meetings International provides an international dais for scientists and Pulmonology Research science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. Pulmonology 2020 will be a platform for plenary speakers, Keynote speakers, Invited speakers and Young Researchers as well as for the youth generation. Likewise, a variety of poster presentations alongside workshops and special sessions would be on the agenda. The summit will work as a discussion point for researchers and experts from all around the world to discuss the cause, effect, prevention as well as the future roadmap of a Pulmonology free society.

Sincerely,
Operating Committee

Explore Hong Kong

Hong Kong is an autonomous territory, and former British colony, in south Eastern China. Its vibrant, densely populated urban centre is a major port and global financial hub with a skyscraper-studded skyline. Central (the business district) features architectural landmarks like I.M. Pei's Bank of China Tower. Hong Kong is also a major shopping destination, famed for bespoke tailors and Temple Street Night Market.Hong Kong was voted the "Best FIT Destination of the Year" in the China Travel and Meeting Industry Awards 2012 sorted out by travel magazine Travel Weekly. It was also termed as the "Best City for MICE Events" in the 2012 Industry Awards composed by CEI Asia Pacific magazine. It is comprised of four sections: Hong Kong Island, Kowloon Peninsula, the New Territories, and the Outlying Islands. The prosperous island is the focal point of economy, legislative issues, amusement, and shopping with its southern part noted for ocean shores and inlets. Kowloon is another prospering part where Tsim Sha Tsui, Yau Ma Tei, and Mong Kok are the most well-known goals.
