About Hong Kong

Hong Kong is an autonomous territory, and former British colony, in south Eastern China. Its vibrant, densely populated urban centre is a major port and global financial hub with a sky-scraper-studded skyline. Central (the business district) features architectural landmarks like I.M. Pei's Bank of China Tower. Hong Kong is also a major shopping destination, famed for bespoke tailors and Temple Street Night Market. Hong Kong is without a doubt one of the busiest intersections amongst China and whatever is left of the world for business voyagers.
