3rd International Conference on

Clinical Radiology

March 20-21, 2023 | Dubai, UAE

https://www.meetingsint.com/conferences/radiology/about-us

Invitation

Dear Attendees,

We welcome all the dynamic scholars from all over the globe to attend the 3rd International Conference on Clinical Radiology scheduled on March 20-21, 2023 in Dubai, UAE. This Radiology Conference will be organized around the theme "The Vast Arena of Radiology". This is the best opportunity for those who have centred their focus on Radiology and want to share it with the rest of the world. Presentations, distribution of information, meetings with current and potential scientists, discussions on the new developments and research, and receiving recognition at this event are the main motives of this Conference. Renowned speakers all over the globe are welcomed to talk about their research, and developments and also discuss the latest updates and new techniques in radiology are hallmarks of this Radiology Conference. Meetings International gives a Global Platform for Radiologist, Forensic Radiology, Nuclear Medicine, and Clinical Radiography to Exchange Ideas, Knowledge, and Networking at its World Conferences.

Attend the Radiology 2023 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

Sincerely,

Operating Committee

Radiology 2023

- Clinical radiology
- Forensic radiology

Dubai Attractions

Explore Dubai

Dubai is the most populous city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai.As the eponymous capital of one of the UAE's 7 emirates, the city is known for its riches, its glitzy and innovative development and architecture, and its shopping scenes. But Dubai isn't all about 5-star glam, though that's likely to be a big part of any visit here. Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks. Dubai has a hot desert climate. Summers are extremely hot, windy, and humid. The highest recorded temperature in the UAE is 52.1 °C (126 °F), recorded in July 2002.

Once a small fishing village in the Arabian Gulf, Dubai is today one of the most cosmopolitan cities in the world. One of the seven emirates that make up the United Arab Emirates, the city is home to more than 200 nationalities and offers an unforgettable experience to all visitors. Whether it is by the banks of the Creek, or at the top of the Burj Khalifa, the world's tallest building, Dubai lives and breathes a sense of possibility and innovation. And with an unparalleled coastline, beautiful desert and magnificent cityscapes, memories are just waiting to be made here.
