ROME, ITALY

Dubai Gulf Arabic pronunciation is the most populated city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai, the most populated of the 7 monarchies which together form the United Arab Emirates. Established in the 18th century as a small fishing village, the city grew rapidly in the early 21st century with a focus on tourism and luxury, having the second most five-star hotels in the world, and the tallest building in the world, the Burj Khalifa, which is over a half a mile tall. The city has a population of around 3.4 million (as of 2021). Dubai is a city of skyscrapers, ports, and beaches, where big business takes place alongside sun-seeking tourism.

The new city center is a string of skyscrapers lining Sheikh Zayed Road. Notable among these are the Emirates Towers, which were built in the late 1990s and early 2000s and which house a hotel and government offices.
