Dear All,

We are glad to announce the **Global Summit on Renewable Energy and Resources** to be held in April 20-21, 2022 in Miami, USA organized by Meetings International in collaboration with generous support and cooperation from enthusiastic Academicians and Editorial Board Members. This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Engineers, Academia, Researchers, Innovators, Regulators – coming together to present and discuss wide range of current topics and will be available to discuss on the theme "Novel thoughts and technology to aid the transition to a low carbon future" As the premier event, we have developed a program with your interests in mind.

Renewable Energy 2022 will serve an excellent experience and opportunities to enhance one's career. It is comprised of 10 tracks designed to offer comprehensive sessions that address current trends in Healthcare, and many more. Renewable Energy 2022 composed of symposiums by world class researchers and experts.

Sincerely,

Organizing Committee

Renewable Energy 2022

About Miami

Perhaps you are interested in visiting Miami or are simply curious about the city, attractions, culture, and dining.
Miami is a coastal city with over 400,000 people, the third most populous city located on the east coast. The city is a center of trade, arts, finance, commerce, and culture. Out of all of Florida, Miami has the largest urban economy.
Miami City is in southeastern Florida, USA. Many people know it for its white-sand beaches and crystal blue water. However, there are a few other things that are special about Miami.
Miami is known for its white-sand beaches, warm climate, delicious cuisine, Cuban coffee, and its Latin-American influences. Some popular attractions include Miami Beach, South Beach, Zoo Miami, Bayside Marketplace, Little Havana, Ocean Drive, and Deering Estate.
Miami is one of the world's greatest and most iconic tourist destinations thanks to its sub-tropical climate, pristine beaches and relaxed ambiance. It also does fun really well. In keeping with the 'fun' theme
Miami is home to the world's largest collection of art deco architecture.
