Global Summit on

Renewable Energy and Resources

April 20-21, 2022 | Miami, USA

https://www.meetingsint.com/conferences/renewable-energy

Invitation

Dear Attendees,

Meetings International proudly announces the International conference on Renewable Energy and Resources scheduled during April 20-21, 2022 in Miami, USA.

The conference emphasizes the theme “Novel thoughts and technology to aid the transition to a low carbon future”.

The Renewable energy 2022 gathering gives a mind- blowing opportunity to discuss the latest progressions inside the field. The joy of attending Renewable Energy 2022 brings with it improvement and incremental growth in your approach to do things, in the broader manner to see things and the beauty to live international diversity. Renewable energy Conference includes prompt keynote presentations, Workshops/Symposia, Oral talks, Poster presentations, and Exhibitions. Renewable energy 2022 focuses on problems and challenges of upcoming technologies and ideas of Renewable.

Renewable Energy 2022 is the place where one can go beyond imaginations apart from scientific world. Just you have to grab the opportunity for a remarkable memory where we can continue to engage the extraordinary talents and resources which can lead us in the important time.

Sincerely,

Operating Committee

Renewable energy 2022

Renewable Energy 2022

Conference Highlights

- Biomass conversion
- Desalination
- Wind energy technology
- Solar and low energy technology
- Geo thermal technology
- Hydro power
- Wave, Tide and Ocean Thermal Energies
- Climatology and Meteorology
- Hydrogen Production Technology
- And Fuel Cells
- Photovoltaic Technology Conversion

Miami Attractions

Explore Miami

Miami is an international city at Florida's southeastern tip. Its Cuban influence is reflected in the cafes and cigar shops that line Calle Ocho in Little Havana. On barrier islands across the turquoise waters of Biscayne Bay is Miami Beach, home to South Beach. This glamorous neighborhood is famed for its colorful art deco buildings, white sand, surfside hotels, and trendsetting nightclubs. Miami is one of the states and the world's most popular vacation spots. Though destinations often are said to offer something for everyone, the Miami area does indeed offer multiple enticements for everyone.

Miami has a highly diversified economy with over 170 multinational companies headquartered in the city and its environs. Top economic sectors include tourism, services, trade, manufacturing, real estate, and construction. Major employers include the Miami-Dade County school district, county, federal, and state governments, University of Miami/Jackson Memorial Medical Center, and Bell South. The Miami Customs District reported $47 billion in imports and exports for 1997, mostly from trade with Latin America. The 19-hectare (47-acre) Miami Free Zone, established in 1978, was the world's first privately owned and operated foreign trade zone. It consists of a 78,593-square-meter (846,000-square-foot) warehouse and office complex near Miami International Airport. Miami, located only two degrees above the Tropic of Cancer, is a subtropical city located on flatlands that were once home to pine and palmetto trees.
