Theme

Best Practices for Reproductive and Women's Health

Welcome Message

Meetings International proudly announces the Global Experts Meeting on "Reproductive Medicine and sexual Health" scheduled on September 24-25 2018 Bali, Indonesia, with a theme of "Best Practices For Reproductive and Women's Health".

Meetings International provides a Global Platform for Medical and Healthcare Professionals, Medical Practitioners, research Scholars to Exchange Ideas, Knowledge and

Networking at its 100+ International Conferences.

Reproductive Health Meeting 2018 aims to discover advances in health practice, management and education in relation to health disparities as well as a breadth of other topics. A Medical Professional has a special set of competence and ability. Not only can they diagnose patients and finally provide medication, but they also serve in leadership and consulting roles. They are prominent and impact health care across the board, from reducing Medical complications to improving patient satisfaction.

Reproductive Health Conferences aims to discover advances in health practice, management and education in relation to health disparities as well as a breadth of other topics. The Reproductive Health Conference is a platform for students, faculty, deans, researchers, and leaders to collaborate on topics affecting nursing education. Attendees can: Take advantage

of opportunities to learn about Reproductive Health Conference from a variety of oral and poster presentations. Meet and network with people ranging from students to deans, faculty,

and researchers. Take advantage of opportunities to collaborate with people from around the world. Attend prominent plenary sessions about relevant issues affecting Reproductive Health care.

This Conference involves of the theoretical and practical training provided to people with

the purpose to prepare them for their duties as Reproductive Health care professionals. This education is provided to medical students by experienced Professionals and other medical Practitioners who have qualified or experienced for educational tasks. Most countries offer

Education courses that can be relevant to general medical or to specialized areas

Reproductive Health Meeting will offer you an unmatched attendee experience.

In addition to the many scientific sessions and take-home case study examples, you will

leave this event with many Research Ideas from some of our workshops

and symposiums. We hope you will join us in Bali, Indonesia this September 2018.

Sincerely,

Sincerely,

Operating Committee

CEO and Founder

Meetings International PTE LTD.

Who Should Attend?

- Researchers
- Senior scientists
- Gynaecologists
- Reproductive Endocrinologists
- Professors
- Doctors
- Nurses
- Healthcare Professionals
- Pharmacologists
- Clinicians
- Directors of Association and Societies
- laboratory researchers
- embryologists
- consultants in reproductive medicine counsellors
- biology and medical students and Societies
- Postgraduate students
- Midwife

Why Attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing innovative peptide drug development take-home strategies
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Industry and Academia Delegates
- Networking
- Exhibit hall with leading specialty manufacturing, instrumentation and development providers

Conference Highlights

- Reproductive Medicine
- Reproductive Biology and Endocrinology
- Reproductive Physiology
- Reproductive Technology and ART
- Reproductive health commodity security
- Reproductive Toxicology
- Reproductive Health , Rights and freedom
- Pregnancy and Pregnancy Complication
- Gynaecology & Obstetrics
- Sexual, Maternal and Perinatal Health
- Family Planning and Contraception
- Menopause and Infertility
- Genital Irregularities and POCS
- Male and Female Reproductive Cancers
- Sexually Transmitted Diseases/Infections
- Urologic and Gynaecologic Disorders
- Emergencies, Crises and Disasters
- Midwifery
- Infant Mortality

- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Bali

Bali is an island and province of Indonesia. The province includes the island of Bali and a few smaller neighbouring islands, notably Nusa Penida, Nusa Lembongan, and Nusa Ceningan. It is located at the westernmost end of the Lesser Sunda Islands, between Java to the west and Lombok to the east. Its capital, Denpasar, is located in the southern part of the island.

Bali is part of the Coral Triangle, the area with the highest biodiversity of marine species. In this area alone over 500 reef building coral species can be found. For comparison, this is about 7 times as many as in the entire Caribbean. Most recently, Bali was the host of the 2011 ASEAN Summit, 2013 APEC and Miss World 2013. Bali is the home of the Subak Irrigation System, a UNESCOWorld Heritage Site. It is also home to a unified confederation of kingdoms, composed of 10 traditional royal Balinese houses, where each house rules a specific geographic area. the confederation is the successor of the Bali Kingdom. The royal houses are not recognized by the government of Indonesia, however, they have been operational since their establishment prior to Dutch colonization.

Bali was inhabited around 2000 BC by Austronesian people who migrated originally from Southeast Asia and Oceania through Maritime Southeast Asia. Culturally and linguistically, the Balinese are closely related to the people of the Indonesian archipelago, Malaysia, the Philippines and Oceania. Stone tools dating from this time have been found near the village of Cekik in the island's west.

In ancient Bali, nine Hindu sects existed, namely Pasupata, Bhairawa, Siwa Shidanta, Waisnawa, Bodha, Brahma, Resi, Sora and Ganapatya. Each sect revered a specific deity as its personal Godhead.[14]

Inscriptions from 896 and 911 don't mention a king, until 914, when Sri Kesarivarma is mentioned. They also reveal an independent Bali, with a distinct dialect, where Buddhism and Sivaism were practiced simultaneously. Mpu Sindok's great-granddaughter, Mahendradatta (Gunapriyadharmapatni), married the Bali king Udayana Warmadewa (Dharmodayanavarmadeva) around 989, giving birth to Airlangga around 1001. This marriage also brought more Hinduism and Javanese culture to Bali. Princess Sakalendukirana appeared in 1098. Suradhipa reigned from 1115 to 1119, and Jayasakti from 1146 until 1150. Jayapangus appears on inscriptions between 1178 and 1181, while Adikuntiketana and his son Paramesvara in 1204.
