Dear Attendees,

Meetings International is privileged to announce its “Webinar on Respiratory Diseases” which will be held on December 04, 2024 in Webinar. The webinar is based on the theme “Revolutionizing Respiratory Care: The Future of AI and Innovation in Diagnosis and Treatment”. We cordially invite all eminent scientists, research scholars, educationists, professionals, and students to witness invaluable scientific discussions and contribute to future innovations in the field of pain management.

Respiratory Diseases webinar will focus on the latest and exciting innovations in all areas and their research, as well as the relentless efforts made by scientists and scholars to improve the existing knowledge and invent novel technologies for the future

Sincerely,
Operating Committee

Meetings International
WITH US

Respiratory Diseases 2024

Scientific Sessions:

- Artificial Intelligence in Respiratory Medicine
- Telemedicine and Remote Monitoring
- Precision Medicine for Respiratory Diseases
- Long COVID and Post-Acute Sequelae of SARS-CoV-2 (PASC)
- Biologics and Targeted Therapies
- Advances in Inhaler Technology
- Environmental and Occupational Lung Diseases
- Chronic Respiratory Diseases and Comorbidities
- Pediatric Respiratory Health
- Immunotherapy for Respiratory Diseases
- Advancements in Diagnostic Imaging
- Patient Empowerment and Self-Management

To identify the future directions of research

Peer review and high quality publication

Young Research Forum:

Webinar on Respiratory Diseases which will be held on December 04, 2024 as Webinar. This RespiratoryDiseaes 2024 focuses on “Revolutionizing Respiratory Care: The Future of AI and Innovation in Diagnosis and Treatment”.

Respiratory Diseases 2024 will recognize participants who have significantly added value to the scientific community of pulmonary health and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

Benefits:

The Young Scientist Feature is a platform to promote young researchers in their respective area by giving them a chance to present their achievements and future perspectives Acknowledgement as YRF Awardee Promotion on the webinar website, Young Scientist Awards and certificates Link on the webinar website Recognition on Meetings Int. Award Page Chances to coordinate with partners around the world Research work can be published in the relevant journal without any publication fee

DAY 01/ December 04, 2024

Time	Session
09:00 - 10:00	Keynote Forum
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	Sessions
13:00 - 13:30	Lunch Break
13:30 - 15:30	Sessions
15:30 - 15:45	Coffee/Tea Break
15:45 - 17:30	Sessions
