RoboTalks 2020

3rd Webinar on Artificial Intelligence & Robotics

Date
November 11, 2020

3rd Webinar on
Artificial Intelligence, Robotics & Wireless Communications
URL : https://www.meetingsint.com/webinars/robotalks

Theme : Advancements & Innovations in AI & Robotics

November 11, 2020 | Wednesday | UK – 12:30PM, India – 06:00PM, Mexico -6:30AM, Nigeria – 01:30PM, Australia-11:30PM Egypt-2:30PM El Salvador-06:30PM

Sessions : Artificial Intelligence | Robotics | Artificial Intelligence in Healthcare | Artificial intelligence for Business and Industries

06:00-06:30	Title : Can Blockchain Support the Broder Adaption of Internet of Things (IoT)
	DR MALKA N. HALGAMUGE, The University of melbourne, Australia
06:30-07:00	Title: The design of an unmanned aerial vehicle
	Mr. Balaji Thiru, Roboticist-Author-How to make Robot-Motivational Speaker, India
07:00-07:30	Title : Data Science
	Yahya Mohamed Sayed, Artificial Intelligence Analyst at IBM, Cairo, Egypt
07:30-08:00	Title: The Rise of Artificial Intelligence Robots
	Kelvin Ogba Dafiaghor, CEO@Obga Educational Clinic, Nigeria
08:00-08:30	Title : How the SP Theory of Intelligence may help in the development of intelligence in autonomous robots
	J Gererd Wolff, Cognition Research Inc, UK
08:30-09:00	Title : Lattices and Finite Machines
	Jesus Castañeda Rivera , Soy profesor de física y matemáticas del Centro de Investigación y Enseñanza de las Matemáticas, Mexico
09:00-09:30	Title: Educational Robots: Learn to Program Service Robots
	Ademir Bermudez Aguilar, Director General at EsRobotica, El Salvador

Thank You...
