Invitation

Dear Attendees

Meetings International proudly announces the ***2nd Webinar on Sensor*** scheduled on July 19, 2021.

The webinar emphasizes the theme "***Recent development in Sensors and Their Importance"***

The Webinar on Sensors gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This webinar brings together the innovations in Sensors and brings the key opinion leaders and thought leaders in the field from around the world for two intensive hours of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Webinar on Sensors is to provide an international technical forum to showcase recent advances in Sensors webinar operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

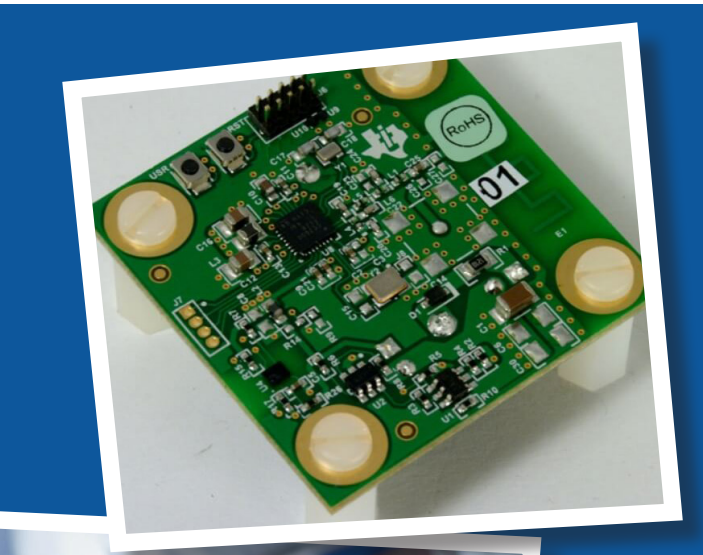

Sincerely,

Operating Committee

Sensors 2021

Webinar Highlights

- Acoustic wave Sensors
- Radiation Sensors
- Bio Sensors
- Fiber-optic Sensor
- Quantum Sensors
- Electromagnetic Sensors
- Bio-MEMS
- Humidity Sensor
- Remote sensors and Telemetry
- Nanomaterials and Electronic Technology for Sensors
- Infrared Sensors, Devices and Thermography
- Sensor Interfacing and Signal Conditioning

- To identify the future directions of research
- Peer review and high quality publication
- Quality research
