# Invitation

Dear Attendees,

Meetings International proudly announces the ***22nd International conference on smart materials and polymer technology*** scheduled during ***June 24-25,2022 in New York, USA***

The conference emphasizes the theme "Innovative Approach And Recent Developments In Materials Science & Polymer Technology".

The Smart Materials 2022 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in smartmaterials and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Smart Materials 2022 is to provide an international technical forum to showcase recent advances in Materials Engineering, Polymer technology and Nano technology Smart Materials conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

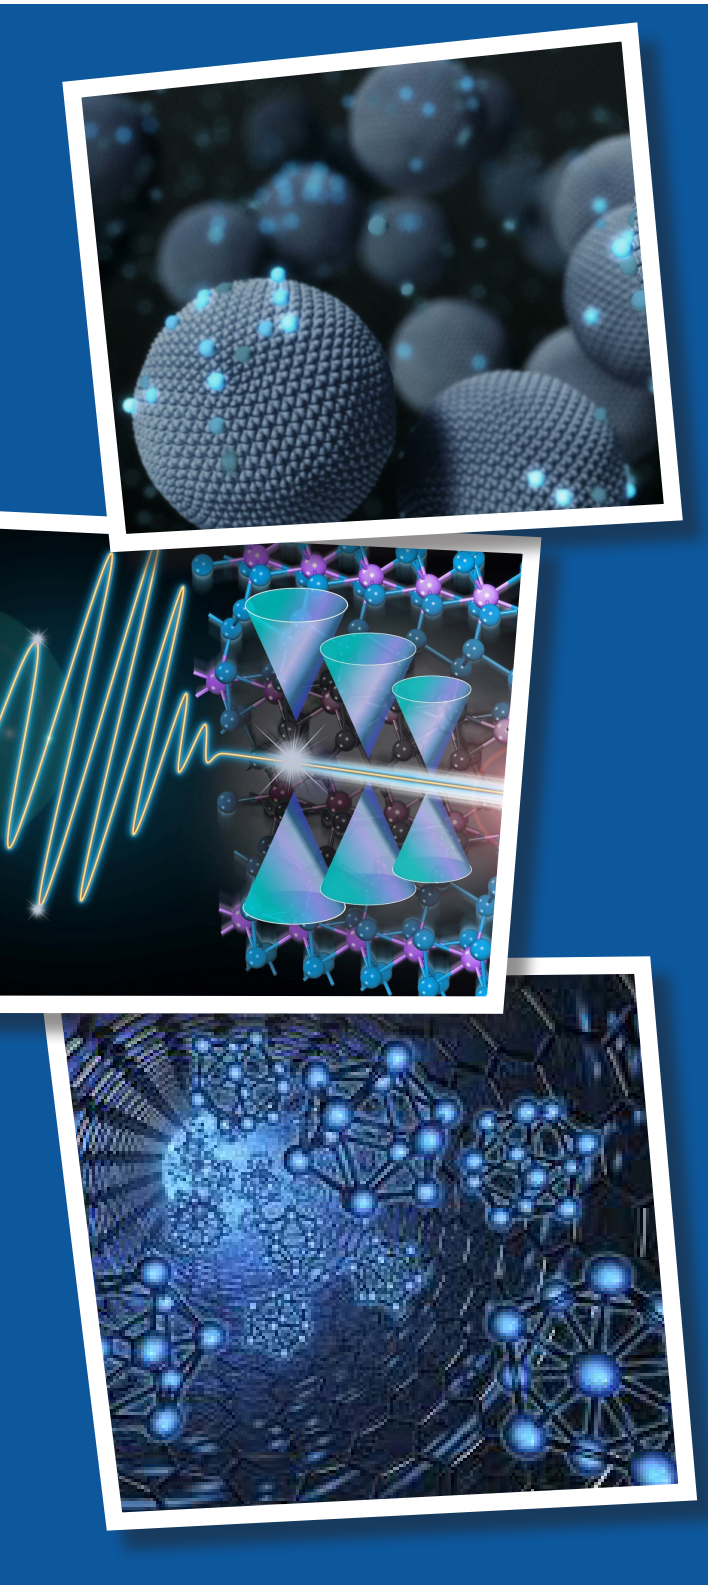

Sincerely,

Operating Committee
