

EuroSciCon

Annual Congress on

Smart Materials

May 11-12, 2020

Frankfurt, Germany

Theme:

Exploring the Recent Technology in the field of Material Science and Nanotechnology.

EuroSciCon

Smart Materials

2020

Invitation

Welcome to Frankfurt, that is the major financial hub that's home to the European Central Bank, and experience the novel technologies of materials science and Smart Materials and Technology as never before. Annual Congress On Smart Materials, May 11-12, 2020 in Frankfurt, Germany. This year's theme is Exploring the Recent Technology in the field of Material Science and

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

May 11-12, 2020

Frankfurt, Germany

EuroSciCon

Smart Materials

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Materials scientists and nanotechnologists accessing the website, Smart Materials 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Smart Materials 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

May 11-12, 2020

Frankfurt, Germany

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Smart Materials

2020

Who'd be attending?

Annual Congress on Smart Materials and Technology plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Materials Scientists/Research Professors/ Nanotechnologists, Physicists/Chemists, Junior/Senior research fellows of Materials Science/ Smart Materials and Technology/ Polymer Science, Materials Science Students, Directors of chemical companies, Materials Engineers, Members of different Materials science associations, Members of different Smart Materials and Technology associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Smart Materials and Technologies
- Smart Structures
- Materials Science & Engineering
- Nanomaterials and Nanotechnology
- Smart Biomaterials and Medical Devicesa
- Polymer Science and Technology
- Polymer Energy Materials
- Ceramics and Composite Materials
- Semiconductor Materials & Nanostructure
- Electronic, Optical and Magnetic Materials
- Emerging Smart Materials
- Materials for Energy and Environmental Sustainability
- Physics and Chemistry of Materials
- Metals, Mining, Metallurgy and Materials
- Mechanics, Characterization Techniques and Equipments
- Graphene and 2D Materials
- Smart Materials in Industrial Application
- Bioactive Smart Materials
- nanostructured-materials
- Nanotechnology In Tissue Engineering
- Advanced Nanomaterials
- Recent Developments In Nanotechnology And Nanoscience
- Carbon Materials In Energy
- Market Demand And Value
- Future Of Materials

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Nano Research & Applications,
- Polymer Science

About Destination Frankfurt

Frankfurt was a city state, the Free City of Frankfurt, for almost five centuries, and was a standout amongst the most significant urban communities of the Holy Roman Empire, as a site of majestic crowning ceremonies; it lost its power upon the breakdown of the domain in 1806 and afterward for all time in 1866, when it was added by the Kingdom of Prussia. It has been a piece of the government territory of Hesse since 1945. A fourth of the populace are outside nationals, including numerous exiles.

Frankfurt is an alpha world city and a worldwide center point for business, culture, training, the travel industry and transportation. It is the site of numerous worldwide and European corporate central command. Frankfurt Airport is among the world's busiest. Frankfurt is the major money related focus of the European mainland, with the home office of the European Central Bank, Deutsche Bundesbank, Frankfurt Stock Exchange, Deutsche Bank, DZ Bank, KfW, Commerzbank, a few cloud and fintech new businesses and different organizations. Car, innovation and research, administrations, counseling, media and imaginative ventures supplement the financial base. Frankfurt's DE-CIX is the world's biggest web trade point. Messe Frankfurt is one of the world's biggest exchange fairs. Real fairs incorporate the Frankfurt Motor Show, the world's biggest engine appear, the Music Fair, and the Frankfurt Book Fair, the world's biggest book reasonable.

Frankfurt is home to persuasive instructive foundations, including the Goethe University, the UAS, the FUMPA, and graduate schools like the Frankfurt School of Finance and Management. Its eminent social scenes incorporate the show lobby Alte Oper, Europe's biggest English theater and numerous exhibition halls (for example the Museumsufer troupe with Städel and Liebieghaus, Senckenberg Natural Museum, Goethe House, and the Schirn workmanship scene at the old town). Frankfurt's horizon is molded by a portion of Europe's tallest high rises.
