Soil Science 2018

INTERNATIONAL CONFERENCE ON

PLANT AND SOIL SCIENCE

September 17-19, 2018 | Osaka, Japan

Theme: The new horizons of challenges and innovations in plant and soil Science with changing environment

https://www.meetingsint.com/conferences/plant-soilscience

Invitation

Meetings International proudly announces the ***International Conference on Plant And Soil Science*** scheduled during ***September 17-19, 2018*** in ***Osaka, Japan***. The conference emphasizes the theme "***The new horizons of challenges and innovations in plant and soil Science with changing environment***".

Meetings International provides an international dais for scientists, designers, practitioner's, architects and understudies to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The essential goal of this gathering is to discuss the latest improvement and headway in the field of Plant Research and Soil Science. It is a perfect stage for individuals to share their perspectives and encounters in the related ranges.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

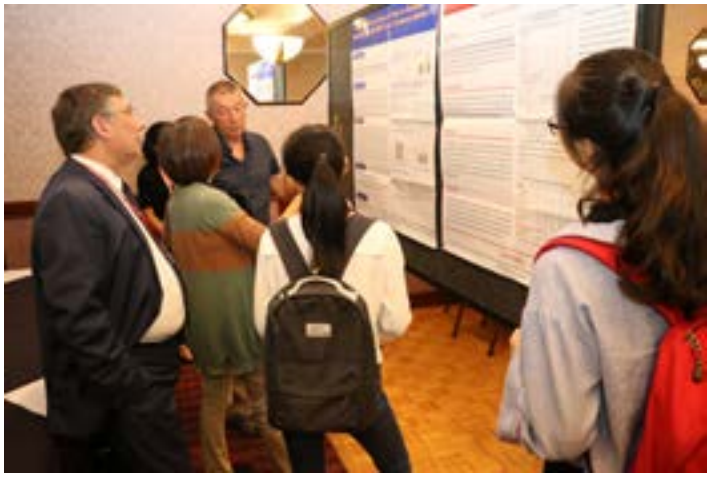

SOIL SCIENCE 2018

Conference Highlights

- Soil Science: Research and advances
- Plant Science and Agriculture
- Food Safety, Quality and Security
- Soil Fertility and Soil-Plant Nutrition
- Soil Microbiology, Health and Bio Control
- Toxicology: Analysis
- Environmental Soil Chemistry and Biotechnology
- Soil Erosion and soil management
- Soil-Plant interaction and analysis
- Soil biodiversity with soil organic matter dynamics
- Environment Change and Plant Health
- Earth & Geosciences
- Mitigation and Adaptation Strategies for climate Change
- Biodiversity
- Plant & Forest Ecology and its Diversity
- Forest Science and Technology
- Pedology
- Developing policies to prevent and control soil pollution
- Management of Water and Soil Resources under Global Climate Changes
- Soil Genesis, Classification & Cartography, Geo statistics, Remote Sensing & GIS
- Soil Analytical Tools and Techniques for Soil Research Integrity
- Soil Geology, morphology and soil management

Meetings Int. offers

An unique platform for top level research and innovation

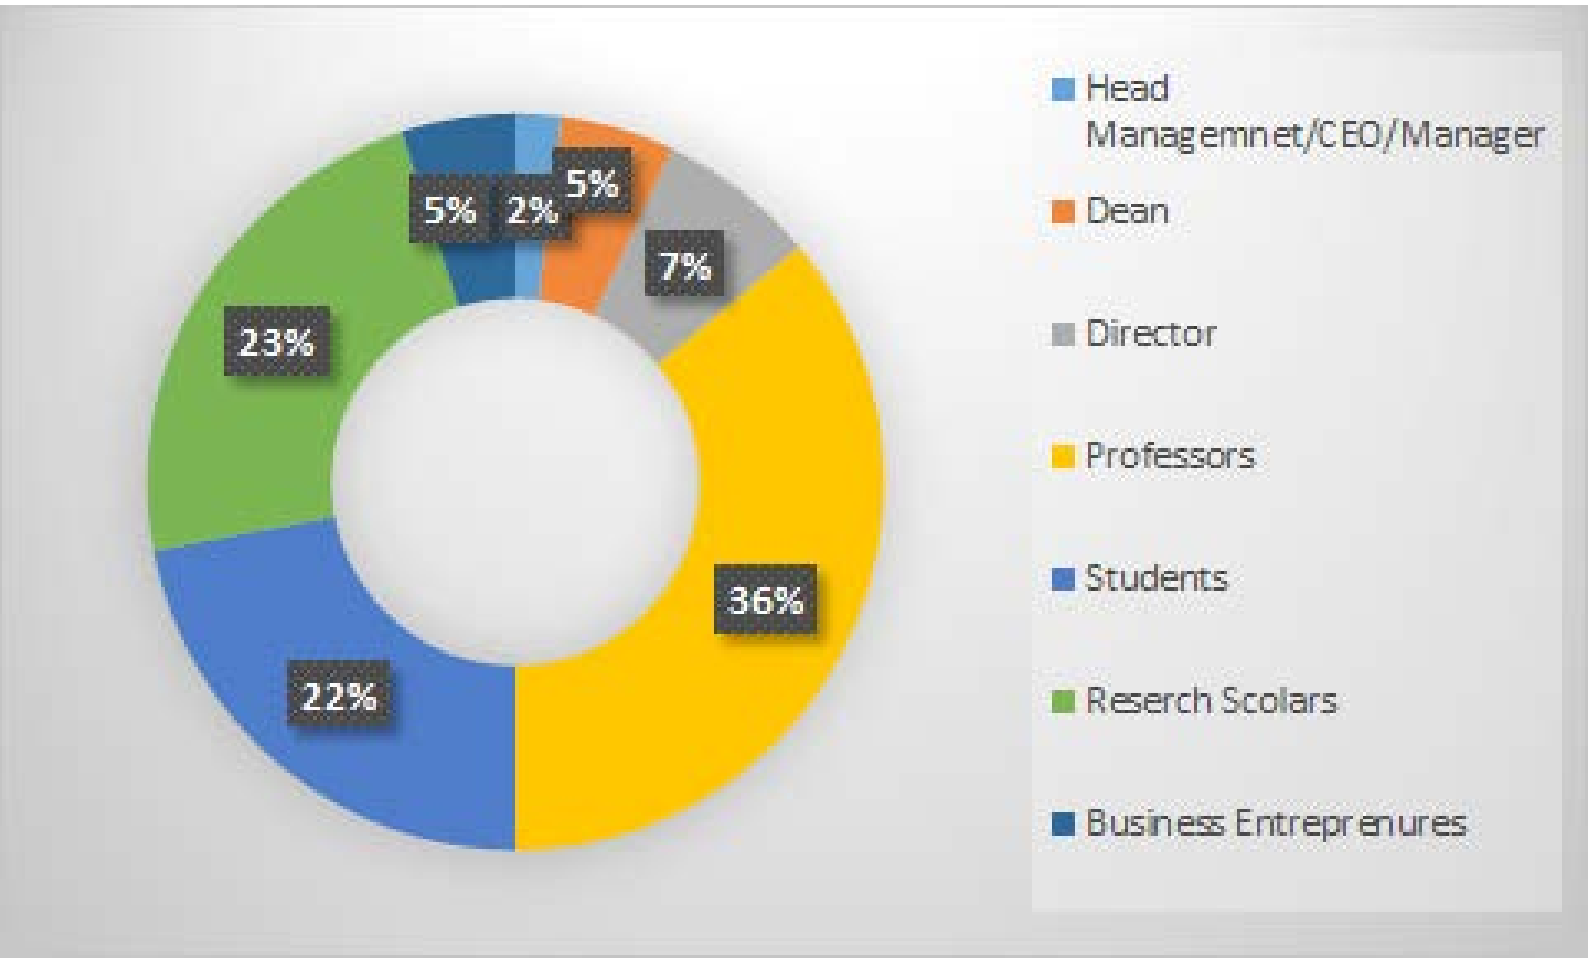

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Osaka

Osaka is a designated city in the Kansai area of Japan which is situated at the mouth of the Yodo River on Osaka bay. Osaka is a large port city and commercial center in the Japanese island of Honshu. It is the second biggest city in Japan being a noteworthy financial spot for the nation.

It is known for its modern architecture, nightlife and hearty street food. The 16th-century shogunate Osaka Castle, which has undergone several restorations, is its main historical landmark. Sumiyoshi-taisha is among Japan's oldest Shinto shrines. The city's west side has the fundamental port and a traveler goal with attractions, for example, Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka palace, Umeda sky building and the Tempozan Harbor Village.

Osaka Attractions

Japan Univarsal Studios

Osaka Palace

Kobe Mountains

Osaka Affair

Osaka Aquarium

Umeda Sky Building

Osaka Harbor City

Kyocera Dome

Shitenno-Ji-Temple

Venue

Osaka, Japan

Important Dates

Abstract submission opens: December 01, 2017

Registration opens: Feburary 20, 2018

Early bird registration: Feburary 20, 2018

On spot registration: september 17, 2018

Supporting Journal

Journal of Soil science and plant health

Journal of plant physiology and pathology

VEGETOS: An International Journal of Plant Research

Registration

https://www.meetingsint.com/conferences/plant-soilscience/registration

Abstract Submission

https://www.meetingsint.com/conferences/plant-soilscience/abstract-submission

Note

All the relevant abstracts will be accepted and published in respective conference proceedings.
