Dear Colleagues,

This is our awesome delight to welcome you to Osaka, Japan to attend the International Conference on plant and soil science composed by The Meetings International which will be held from December 05-06, 2018. The meeting gives the worldwide field to global researchers and analysts to voice their examination discoveries to the world. With agents from all the significant nations in participation the environment is energizing with open and neighborly collaboration between participants.

Meetings International provides a Global Platform for Plant and Soil Science Professionals, Academicians, Medical and Research Professionals to Exchange Ideas, Knowledge and Networking at its 300+ International Conferences.

The Soil Science Conference 2018 will offer an exciting scientific program, composed of plenary lectures, including Workshops, poster and abstract-driven sessions presenting the latest research in the field of Soil Science and plant research. Furthermore, it will also provide an opportunity for young investigators to actively participate and present their research.

Conference Highlights :

- Soil Science: Research and advances
- Plant Science and Agriculture
- Food Safety, Quality and Security
- Soil Fertility and Soil-Plant Nutrition
- Soil Microbiology, Health and Bio Control
- Toxicology: Analysis
- Environmental Soil Chemistry and Biotechnology
- Soil Erosion and soil management
- Soil Geology, morphology and soil management
- Soil-Plant interaction and analysis
- Soil biodiversity with soil organic matter dynamics
- Environment Change and Plant Health
- Earth and Geosciences
- Management of Water and Soil Resources under Global Climate Changes
- Soil Genesis, Classification and Cartography, Geo statistics, Remote Sensing and GIS
- Soil Analytical Tools and Techniques for Soil Research Integrity
- Mitigation and Adaptation Strategies for climate Change
- Biodiversity
- Plant and Forest Ecology and its Diversity
- Forest Science and Technology
- Pedology
- Developing policies to prevent and control soil pollution
- Nanotechnology for Soil and Groundwater Remediation

Organizing Committee Members

Nicola Senesi
President
Italian Soil Science Society, Italy

Ahmed Radwan
Doctor, Gulf of Suez Petroleum Company
Egypt

Ralovich Bela
Rtd.senior executive
Ministry of Welfare
Hungary

Lyudmila Symochko
the International Association of Universities Environmentalists,Ukraine

Kelly T. Morgan
Professor
University of Florida
USA

Alireza Heidari
Director
California South University, USA

Soil Science 2018 Osaka|Japan	
Day 1 December -05, 2018	
09:30-10:00	Registrations
10:00-10:20	Opening Ceremony
10:20-10:30	Introduction by Moderator
Keynote Forum I	
10:30-11:00	Title: SmarIrrigation: Agricultural water savings with improved irrigation scheduling Dr. Kelly Morgan, University of Florida Southwest Florida Research and Education Center, Florida, USA
Oral Session I	
11:00-11:20	Title: Using ecohydraulics concept for flood mitigation strategy at ciliman watershed banten province Dr. Aptu Andy Kurniawan, ST, MIL, Water Resources Government Malang District, Indonesia
Networking & Refreshment Break, 11:00-11:20	
11:20-11:40	********** Speaker Slot available **********
11:40-12:00	Title: Thoughts on the life periods of our Earth Dr. Bela Ralovich, Hungarian Society for Microbiology, Hungary
12:00-12:20	********** Speaker Slot available **********
12:20-12:40	Title: Soil Stoichiometry influence C, N, and P distribution in soil aggregates after afforestation Dr. FZ Zhao,Shaanxi Key Laboratory of Earth Surface System and Environmental Carrying Capacity Northwest University Xi'an, Shaanxi, China
12:40-13:00	********** Speaker Slot available **********
Group Photo	
Lunch Break 13:00-14:00	
Keynote Forum II	
14:00-14:20	Title: Microbial communities in soil and antimicrobial resistance Dr. Lyudmyla Symochko, Uzhhorod National University, Ukraine
Oral Session II	
14:20-14:40	Title: Effect Of Implementation Of Spatial Regional Conservation Of Water Resources at Batu City East Java Dr. Puspa Permanasari, Dinas Pekerjaan Umum Dan Penataan Ruang, Indonesia
14:40-15:00	********** Speaker Slot available **********
15:00-15:20	Title: The Establishment and development of Haloxylon ammodendron Promotes Salt Accumulation in Surface Soil of Arid Sandy Land Dr.Su Yongzhong, Northwest Institute of Eco-Environment and Resources,Chinese Academy of Sciences/Key Laboratory of Eco-Hydrology in Inland River Basin, China
15:20-15:40	********** Speaker Slot available **********
15:40 -16:00	********** Speaker Slot available **********
Networking & Refreshment Break, 16:00-16:20	
16:20-16:40	Title: Changes and Analysis of Soil Quality in the Critical Area of Desertification in the Ejina Oasis, northern Dr. Xiaohong Chen,Cold and Arid Regions Environmental and Engineering Research Institute, Chinese Academy of Sciences, china
16:20-16:40	Title: Influence factors of condensation water in arid regions Dr. Jing Fang, Cold and Arid Regions Environmental and Engineering Research Institute, Chinese Academy of
16:40-17:00	********** Speaker Slot available **********

17:00-17:20	Title: Stem radial growth of artificial forests in response to climate, stand management, and topography in the western Loess Plateau, China
	Dr. Shengchun Xiao,Cold and Arid Regions Environmental and Engineering Research Institute, Chinese Academy of Sciences, china
17:20-17:40	
	********** Speaker Slot available **********
17:40-18:00	
	********** Speaker Slot available **********
Session Adjournment	

Day 2 December 06, 2018	
Keynote Forum II	
10:00-10:20	Title: Study on Soil and water conservation in Tunisia
	Dr. Ines Gasmi, Institute of Arid RegionsTunisia
10:20-10:40	
	********** Speaker Slot available**********
Networking & Refreshment Break, 10:40-11:00	
11:00-11:20	Title: Microbial quality of community drinking water supplies: A ten year (2004–2014) analyses in west
	Derese Hailu,Department of Microbiology, Bahir Dar Regional Health Research Laboratory Center.
11:20-11:40	
	********** Speaker Slot available**********
11:40-12:00	Title: Soil enzymatic activities and available N, P and K as affected by tillage technologies in latosolic red soils of southern China
	Dr. Evans Asenso, South China Agricultural University of Water Conservancy and Civil Engineering, China
12:00-12:20	
	********** Speaker Slot available**********
12:20-12:40	
	********** Speaker Slot available**********
12:40-13:00	
	********** Speaker Slot available**********
Group Photo	
Lunch Break 13:00-14:00	
Keynote Forum II	
14:00-14:20	
	**********Keynote Speaker Slot available**********
Oral Session II	
14:20-14:40	Title: Study on Forest Ecological Hydrology in Qilian Mountains
	Dr. Zhibin He, Cold and Arid Regions Environmental and Engineering Research Institute, Chinese Academy of Sciences, China
14:40-15:00	
	********** Speaker Slot available**********
15:00-15:20	Title: Study on Soil quality from the point of view of nutrient transport
	Dr. Stanislav Torma, National Agricultural and Food Centre in Slovakia, Europe
15:20-15:40	
	********** Speaker Slot available**********
15:40-16:00	Title: Study on Plant Mediated Natural Products as Source of Drugs
	Dr.D D Patra, Bidhan Chandra Krishi Viswavidyalaya, India
Networking & Refreshment Break, 16:00-16:20	
16:20-16:40	Title: Study on Analyzing and mapping soil parameters as indicator of soil quality
	Dr. Stefan Koco, PhD, NASC-SSCRI and University of Presov, Slovakia

16:40-17:00	
	********** Speaker Slot available**********
17:00-17:20	
	********** Speaker Slot available**********
17:20-17:40	
	********** Speaker Slot available**********
17:40-18:00	Title: Study on Production and environmental parameters of agricultural soils in Slovakia
	Dr. prof. Jozef Vilcek, NAFC SCCRI, University of Presov, Slovakia
Session Adjournment	
Schedule Will be updated soon

About Osaka

Venue:

Osaka, Japan

OSAKA, the second biggest city in Japan and the thirteenth biggest city on the planet, with a populace of around 10.5 million individuals. Arranged on a protected cove, it is additionally the business, transportation and modern focus of western Japan, the second real passage to Japan after Tokyo .OSAKA the second biggest city in Japan and the thirteenth biggest city on the planet, with a populace of around 10.5 million individuals. Arranged on a protected cove, it is additionally the business, transportation and modern focus of western Japan, the second real passage to Japan after Tokyo.Osaka was assessed in Research and Development as it were. Osaka right now advertises immunizations in Japan just and is developing its antibody pipeline, including R&D ventures for dengue and chikungunya. Osaka performs better than expected in Research and Development, and has clear access arrangements for its late-organize immunization competitor.
