Meetings International

3rd International Conference on

Plant and Soil Science

November 25-26, 2019 | Singapore City, Singapore

Theme:

The new distinct horizontal layers help to take innovations in plant with changing environment

https://www.meetingsint.com/conferences/plant-soilscience

Dear Colleagues

Meetings International extends its welcome to "**3rd International Conference on Plant and Soil Science**" scheduled on **November 25-26, 2019 in Singapore City, Singapore,** with the theme of "**The new distinct horizontal layers help to take innovations in plant with changing environment**".

Soil Science 2019 will serve an excellent experience and opportunities to enhance one's career. Join us in Singapore. It is comprised of 10 tracks designed to offer comprehensive sessions that address current trends in Plant & Soil Science, and many more. Soil Science 2019 composed of symposiums by world class researchers and experts.

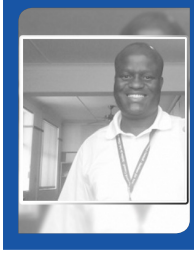

Conference Highlights :

- Soil Science: Research and Advances
- Plant Science and Agriculture
- Soil Fertility and Soil-Plant Nutrition
- Soil Microbiology, Toxicology Analysis Health and Bio Control
- Environmental Soil Chemistry and Biotechnology
- Soil Erosion and Soil Management
- Soil Geology, Morphology and Soil Management
- Remote Sensing and GIS
- Soil Biodiversity with Soil Organic Matter Dynamics
- Earth and Geosciences

Organizing Committee Members

Loai AlJerf
Researcher & Docent, Damascus University, Syria

Matshwene E Moshia
Professor, (ISCW)The Agricultural Research Council (ARC), South Africa

Stanislav Torma
Senior Researcher proffesor, National Agricultural and Food Center, Slovakia

Day 1 : November 25, 2019	
Conference Agenda	
09:30-10:00	Registrations
10:00-10:20	Introduction by Moderator
Keynote Forum	
10:20-10:55	Title: Distribution of organic carbon in different soil fractions in grasslands
	Saman Herath , Uva Wellassa University, Sri Lanka
Networking & Refreshment Break 10:55-11:15 @ Foyer	
11:15-11:50	Title: Conventional Banana Breeding in Uganda: "Challenges and The Future of Application of Marker Assisted Selection (MAS)"
	Ivan Kabiita Arinaitwe, National Agricultural Research Organization, Uganda
Oral Session I: Soil Geology| Morphology and Soil Management |Plant Science | Agriculture	
11:50-12:25	Title: Visualization and quantification of nocturnal water fluxes in soil and roots.
	Faisal Hayat, University of Bayreuth,Germany
12:25-13:00	Title: Spatial Prediction of soil organic carbon from legacy Soil Data
	Athira M Nair, Tamil nadu Agriculture University, India
Group Photo 13:00-13:15	
Lunch Break 13:15-14:00 @ Restaurant	
14:00-14:30	Title: The continuous and indiscriminate use of NPK fertilizers for longer periods resulted in the imbalance of nutrients in soil
	Kavitha Chandran, Kerala Forest Research Institute , India
14:30-15:00	Title: Effect Of Saathi organic fertilizer on performance of Wheat and Cauliflower
	Sabina Devkota , Soil Science Division, Nepal
15:00-15:30	Title: Effect of Powdered Date Palm Karab Waste on the Available Water Holding Capacity of a Saudi Arabian Sandy Soil
	Bandar A. Fadhel, Independent Researcher(Fadhelgroup), Saudi Arabia
Networking & Refreshment Break 10:55-11:15 @ Foyer	
16:00-16:30	Title: Establishment of herbal garden, herbal museum and herbarium for the collection and preservation of ethno-medicinal plants with special emphasis to the tribal plants of western Ghats.
	Jubin J Kurichiyil, Kurichiyil Ayurveda Hospital and Bio-Reasearch Centre, India
16:30-17:00	Title: Effect of Powdered Date Palm Karab Waste on the Available Water Holding Capacity of a Saudi Arabian Sandy Soil
	Maryam Haroon AL-Soufi, Imam Abdulrahman Bin Faisal University, Saudi Arabia
Session Adjournment	

About Singapore

Singapore is a city-state in Southeast Asia. Built up as a British trading region in 1819, since opportunity it has ended up being one of the world's most prosperous, assess well-disposed nations and displays the world's busiest port. Joining the elevated structures and metros of a progressed, prosperous city with a blend of Chinese, Malay and Indian effects nearby a tropical air, scrumptious sustenance from merchant centres, copious malls, and enthusiastic night-life scene, this Garden City makes an uncommon stopover or springboard into the territory. Singapore is a standout amongst the most prevalent travel goals on the planet for a considerable measure of reasons.
