Young Research Forum:

Meetings International is announcing the Young Scientist Awards through the International Conference on Sports Medicine and Physiotherapy which is scheduled in London, UK during April 25-26,2024. This Microfluidics conference focuses on Exploring the Advancements in Sports Medicine and Physiotherapy.

Sports Medicine 2024 will recognize participants who have significantly added value to the scientific community of Physiotherapists and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences..

Benefits:

The Young Scientist Feature is a platform to promote young researchers in their respective areas by giving them a chance to present their achievements and future perspectives.
