2ND INTERNATIONAL CONFERENCE ON CELL AND STEM CELL RESEARCH

Stem Cell 2019

April 17-18, 2019 | Tokyo, Japan

Meetings International
WITH US

INVITATION

Stem Cell 2019

Meetings International proudly announces the **2nd International Conference on Cell and Stem Cell Research** scheduled during **April 17-18, 2019 at Tokyo, Japan.** The conference emphasizes the theme "**Novel Insights and Innovations in Cell and Stem Cell Research**".

Meetings International provides an international dais for scientists and cell and stem cell biology professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of cell and stem cell research has come into spotlight in the recent years. The main objective of cell and stem cell biology is to study and endeavour in cell and stem cell research, and to advance the teaching and practice of cell and stem cell research.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Important Dates

Early Bird: **December 15, 2018**

Registration Open: **September 01, 2018**

Abstract Submission Open: **September 01, 2018**

On Spot Registration: **April 17, 2019**

Tokyo, Japan

CONFERENCE HIGHLIGHTS

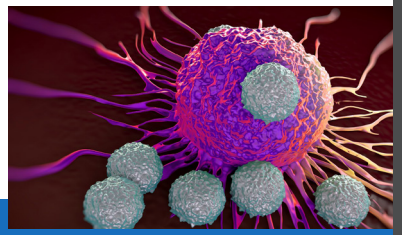

- Cell and Stem Cell Research
- Cell and Gene Therapy
- Plant Genetics and Molecular Biology
- Nanotechnology in Cell science
- Plant biotechnology
- Stem Cell Therapy for Corneal Regeneration in the Eye
- Pluripotent Stem Cell Based Cancer Therapy
- Cardiological Stem Cell Therapeutics
- Neurology and Stem Cells Therapy
- Stem Cell Technologies
- Immunology: Therapeutic Applications
- Cancer Cell Therapy
- Plant Tissue Culture
- Tissue Preservation, Cryopreservation Technology and Bio-Banking
- Regulation of Stem Cells
- Stem Cell Treatment
- Novel Stem Cell Technologies
- Tissue Engineering
- Current Research in Cell & Molecular Biology
- Computational Biology
- Cellular Molecular Biology
- Drug Designing
- Epigenetic Reprogramming of the Germline
- Cell Signaling Technology

Meetings Int. offers

An unique platform for top level research and innovation

TENTATIVE PROGRAM

Stem Cell 2019

Stem Cell 2019	
Day 1 April 17, 2019	
	Registration
	Opening Ceremony
	Introduction
Keynote Forum	
	Title: Value of pharmacometrics analyses in drug development
	Christine Yuying Gao,Certara, USA
	Title: The stem cell therapy and its emerging markets
	Deven Patel, Global Institute of Sten Cell Therapy and Research, USA
Group Photo	
Coffee Break	
Workshop/ Special Session	
	Title: Recent Advances in Stem Cells and Their Clinical Applications
	Kampon Sriwatanakul, President of Vita Stem Co., Ltd., Bangkok, Thailand
	Title: Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia
	Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba
Lunch	
Oral Session I	
	Title: Cartilage regeneration via peripheral blood stem cells
	Caroline SY Jee, KLSMC Stem Cells, Malaysia
	Title: Autologous bone marrow cell therapy in modified radical mastectomy
	Sribatsa Kumar Mahapatra, Vss Institute of Medical Sciences and Research, India
Coffee Break	
Oral Session II	
	Title: Passive controlled-rate freezing method is parallel to active controlled-rate freezing method for cryopreserving mobilized peripheral blood progenitor cells
	Amal Mohd Dawam, KLSMC Stem Cells, Malaysia
	Title: The Role of Programmed Cell Death 'Apoptosis' in the Development of Inner Sulcus in the Cochlea
	Tarfa M. Peter, Gombe State University, Nigeria

Meetings International WITH US

TENTATIVE PROGRAM

Stem Cell 2019

Day 2 Apeil 18, 2019	
	Introduction
Keynote Forum	
	Title: Regulation of the Cell Culture Environment enhanced Mesenchymal Stem Cells' Ability to repair the Glomerular Light Chain induced Renal Mesangial Cell damage
	Jiamin Teng, Louisiana State University, USA
	Title: Standardized GMP-compliant human umbilical cord-derived mesenchymal stem cells for cellular therapy
	Lipi Singh, Reviva Cell Technologies Pte. Ltd, Singapore
Workshop/ Special Session	
	Title:Induced Pluripotent Stem Cell Vs Mesenchymal Stem Cell in Retinitis Pigmentosa Patients
	Abdelhakim Mohamed Safwat, Alazhar University, Egypt
Lunch	
Oral Session I	
	Title: Long-term Follow-up Study Following Subchondral Drilling and Autologous Peripheral Blood Progenitor Cells Treatment for Cartilage Regeneration in the Knee Joint
	Alisha Ramlan, KLSMC Stem Cells, Malaysia
	Title: Role of wnt signaling in spermatogenesis
	Seetharam Deepa, University of Hyderabad, India
	Title: A study on role of stem cell(autologous bone marrow derived mononuclear progenitor cell) therapy in healing of diabetic foot ulcer
	Aparna Kanungo, VSS Medical College, India
***Speaker Slots available**	
***Poster Slots available**	
***Exhibitor Slots available**	

****Note: Tentative Program has been designed with the projected speakers names and titles, dates for this program are subject to change**

Avail Speaker Opportunity: Send us your abstract and biography by November 30, 2018

Send your proposals & details to confirm your participation and Book Your Dates: Stem Cell 2019 on April 17-18, Tokyo, Japan

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scolars
- Business Enterprenures

GLIMPSUS OF CELL 2018

What people say about Cell 2018

Precisely wonderful meeting

Niranjan Bhattacharya
D.Sc, MD, MS, FACS
Head of The Department, Director General, Calcutta School of Tropical Medicine

Thanks for the mail. I had a great time attending as well as participating in the conference and meeting new people.

Aparna Kanungo
SOA University, India

The meeting was a good experience.

Vijay Kumar Kuna
Laboratory for Transplantation and Regenerative Medicine, Sahlgrenska Science Park, Sweden

ABOUT TOKYO

Tokyo, the capital of Japan, is the home to all the top companies, financial market, broadcasting industries, research and development which is separate unit in each manufacturing and technological companies to accelerate the growth and innovation to make the life easier and sustainable. The city is the most livable city on the planet with its rich cuisine like Sushi, ramen, Unagi, tempura, kaiseki, soba, okonomiyaki, tonkatsu and Yakitori. In addition, the city lures you with its rich cultural heritage along with arts and crafts like Shodo, Manga, Origami, Bonseki etc. Please feel free to visit and experience diverse culture, tradition, arts and crafts of this alluring city.
