

EuroSciCon

April 25-26, 2022

8th International Conference on

Neurological Disorders and Stroke

April 25-26, 2022 | Florida , USA

Theme: Developing Trends and Modern Diagnosis in Stroke Treatment & Prevention

Invitation

EuroSciCon is organizing meeting on 8th International Conference on Neurological Disorders and Stroke is scheduled from April 25-26, 2022 Florida , USA. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The 2022 meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards Neurology, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Recycling with a theme on Developing Trends and Modern Diagnosis in Stroke Treatment & Prevention.!!

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Neurological Disorders Neuro Degeneration Stroke Spine & Spinal Disorders Stroke and its Management Brain Tumors & Neuro Oncology Multiple sclerosis Stroke and Mental Health Neurops cho ogy & Behavioral Sciences Risk Assessment and Prevention of Stroke Neuro Diagnosis & Imaging techniques Neurology and Nursing Neurosurgery Neurological disorders: Research and Treatments Therapeutics Approaches for Neurological Disorders Clinical Trails & Case Reports Seizure Disorders and Epilepsy

We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to thank all

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Occupational health Specialists, Occupational Health Doctors and Pharmacologists accessing the website, Biotechnology 2021 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better. outreach of the work and profile.

Stroke-2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

8th International Conference on Neurological Disorders and Stroke proudly hosting for the Multi-national Organizations, Entrepreneurs across the World and also extends a warm welcome to all the professional researchers and academicians as well as business professionals to take at Congress. Prominently Occupational Health Consultants, Occupational Health Doctors, Occupational Medicine Professionals, Regulatory Professionals, Neurosurgeons, Neurologists and, Psychologists and others who stay plunged in learning and practice of the Occupational Health and Public Safety.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Neurological Disorders
- Neuro Degeneration
- Stroke
- Spine & Spinal Disorders
- Stroke and its Management
- Brain Tumors & Neuro Oncology
- Multiple sclerosis
- Stroke and Mental Health
- Neuropsychology & Behavioral Sciences
- Risk Assessment and Prevention of Stroke
- Neuro Diagnosis & Imaging techniques
- Neurology and Nursing
- Neurosurgery
- Neurological disorders: Research and Treatments
- Therapeutics Approaches for Neurological Disorders
- Clinical Trails & Case Reports
- Seizure Disorders and Epilepsy

2022

About Destination Florida

Florida is a state located in the Southeastern region of the United States. Florida is bordered to the west by the Gulf of Mexico, to the northwest by Alabama, to the north by Georgia, to the east by the Bahamas and Atlantic Ocean, and to the south by the Straits of Florida and Cuba; it is the only state that borders both the Gulf of Mexico and the Atlantic Ocean. Spanning 65,758 square miles, Florida ranks 22nd in area among the 50 states, and with a population of over 21 million, is the third-most populous. The state capital is Tallahassee and the most populous city is Jacksonville. The Miami metropolitan area, with a population of almost 6.2 million, is the most populous urban area in Florida and the seventh-most populous in the United States; other urban conurbations with over one million people are Tampa Bay, Orlando, and Jacksonville.

Florida's climate varies from subtropical in the north to tropical in the south. It is the only state besides Hawaii to have a tropical climate, and is the only continental state with both a tropical climate (at the lower tip of the peninsula) and a coral reef. Consequently, Florida has several unique ecosystems, most notably Everglades National Park, the largest tropical wilderness in the U.S. and among the largest in the Americas. Unique wildlife includes the American alligator, American crocodile, American flamingo, Roseate spoonbill, Florida panther, bottlenose dolphin, and manatee. The Florida Reef is the only living coral barrier reef in the continental United States and the third-largest coral barrier reef system in the world (after the Great Barrier Reef and Belize Barrier Reef).
