

EuroSciCon

11th Edition of International Conference on

Structural Biology

June 24-25,2019
Philadelphia, USA

Theme:
Gearing up for the Futuristic Innovations & Researches in Structural Biology

EuroSciCon

Structural Biology

2019

Invitation

Dear Attendees,

After the successful completion of Structural Biology 2018 meet held on March 15-16, 2018 Barcelona, Spain, we are glad to announce the **"11th Edition of International Conference on Structural Biology"** organized by EuroSciCon, held during June 24-25,2019 at the beautiful, dazzling city having a great history known as "Philadelphia" . Philadelphia is a diversified city with the congregation of many cultures & historical heritage. Philadelphia, has been known for numerous Industries, offices, business centers, economic and service sectors.

The Structural biology 2019 conference implicates the opportunities for all the researchers, scientists in an incomparable international platform for all the stake holders of the System like Academicians, Industrialists, Researchers, Scientists, Innovators, Regulators presenting together and discussing on the current trends in Structural Biology, Molecular Biology, Protein Engineering Bioinformatics, Drug Designing, Computational Biology, Structural virology and Biophysics. This meet will be a realistic mark in your professional research. Attend this Structural Biology 2019 Conference to network with your peers, exchanging your ideas, researches, expertise's, experiences, developments in the field of Structural Biology reaching yourself to the next level.

We look forward to in personal welcoming you to **Philadelphia in June 2019.**

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

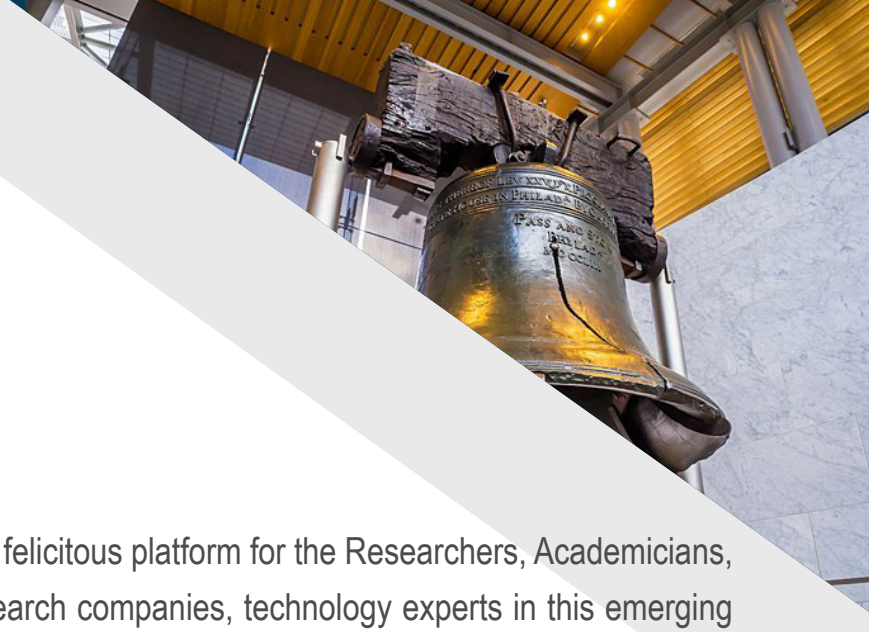

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

EuroStructural Biology, 2019 is the most felicitous platform for the Researchers, Academicians, Industry professionals, biomedical research companies, technology experts in this emerging field of science and technology. Besides having networking with peers, eminence of the research and the researcher is what we entrust to our Speakers and Committee Members for best outreach of work and profile.

Euro Structural Biology 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

June 24-25,2019
Philadelphia, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

2019

Who'd be attending?

Directors/Managers & Business Delegates, Founders, Director of Laboratories, Universities, Industries, Investigators, Post-Doctoral Fellows, Research and Diagnostic Laboratories, Clinical Fellows, Research Scholars, Students, Technology Experts, Biomedical Research companies.

Rise in the number of clinical trials, toxicological studies, and health awareness for nutritional products, rapid growth of structural biology analytical instruments, software and solutions, and use of structural biology as a base for drug designing will propel the growth of pharmaceuticals market.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Structural Biology
- Analytical Techniques
- 3D Structure Determination
- Computational Methods & Biology
- Hybrid Approaches for Structural Prediction
- Structural Biology Complexity Arena
- Frontiers in Structural Biology
- Structural Virology
- Multiscale Modeling, Simulation & Molecular Graphics
- Sequence Analysis
- Databases
- Cell Signaling Biology
- Genome Informatics
- Structural Bioinformatics
- Advancements in Structural Biology

Philadelphia, USA

EuroSciCon

About Destination Philadelphia

Once the original capital of America, Philadelphia has a history enriched with culture, history and symbolism. The city is a melting pot of races, traditions and immigrant cultures and also possesses amenities that only the city's own heritage can provide. It is the home to the Liberty Bell and the Declaration of Independence, both tributes to the city's revolution.

Widely known as Philly, but formerly known as the City of Philadelphia, it is the largest city in the state of Pennsylvania. It is also called the City of Brotherly Love '. It holds the following statistics; it is the sixth most populous city in the US, the fifth largest city area by population in the US, the US's fourth largest consumer media market and ranks 49th as the most populous city in the world. There are nearly 1.5 million people in the city alone.

If you would like to visit either for business or holidays, there is a huge variety of holiday accommodation to choose from and compare with from leading five star hotels to budget motels. Spoil yourself in the exciting range of restaurants and visit attractions to get a real classic feel of the place. Pennsylvania is a great place to start a business; it's one of the most business friendly states in the US. It offers easy access to capital, low tax rate, and numerous colleges and universities so access to top quality brain power is easy.

Philadelphia is sure to satisfy a variety of vacation desires. While there are no cruises here, if you could blend the most unique attractions and activities with some of the most common, you would have a place that was new to visit with a familiar feel. That is what Philadelphia has to offer. While you are here, enjoy shopping, golf, spectator sports, fine dining, museums, great activities and so much more

Wish to Amalgamate in the paramounts of Structural Biology Event 2019?

Choose your Category:

Academic:

Speaker Registration **$549**

Package-A (Registration + 2 night's accommodation) **$949**

Package-B (Registration + 3 night's accommodation) **$1149**

Business:

Business Speaker **$649**

Business Speaker Package A (Registration + 2 night's accommodation) **$1049**

Business Speaker Package B (Registration + 3 night's accommodation) **$1249**

Student:

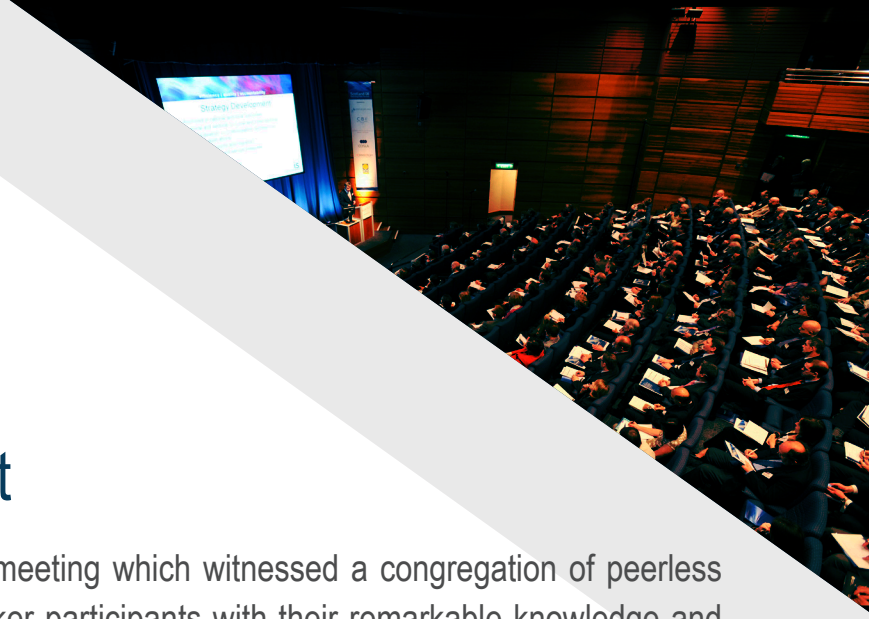

Young Researchers Forum: **$399**

Student Delegate: **$299**

Package Registrations

Package Valid through: **April 29, 2019**

EuroSciCon

Past Conference Report

Structural Biology 2018 was a successful meeting which witnessed a congregation of peerless global speakers who enlightened the speaker participants with their remarkable knowledge and conversed on various topics related to the field of Structural Biology, Molecular Biology, Analytical Techniques, Biomarkers, Structural Virology, Computational Chemistry, Computational Biology and Biophysics. This idealistic conference organized by EuroSciCon marked the presence of renowned and brilliant researchers and talented student communities representing more than 20 countries around the world. The conference has presented a platform bringing every aspect related to Structural Biology and Biophysics, covering all the possible research areas.
