5TH INTERNATIONAL SURGERY AND SURGEONS MEET

Surgeons Meet 2019

Theme: Disseminating Advance Research and Innovative Technology in The Field of Surgery

June 24-25, 2019 | New York, USA

INVITATION

Surgeons Meet 2019

Meetings International proudly announces the **5th International Surgery and surgeons meet** scheduled during **June 24-25, 2019 in New York, USA.** The conference emphasizes the theme "**Disseminating advance research and Innovative Technology in the field of Surgery**".

Meetings International provides an international dais for Doctors and professional Surgeons to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of Neurology has come into spotlight in the recent years. Several individuals usually at the old ages are suffering from neurological disorders like dementia and there is no cure or treatment so far discovered to slow down the disease progression. Thus, importance should be given on dementia research and care.

Sincerely,
Operating Committee

ABOUT NEW YORK

Surgeons Meet 2019

New York is a state in the North-eastern United States. One of the world's great cities, New York City (known as "NYC," "The Big Apple")is a global centre for media, entertainment, art, fashion, research, finance, and trade. The bustling, cosmopolitan heart of the 4th largest metropolis in the world and by far the most populous city in the United States, with an estimated 2018 population of 19.86 million and seventh-most densely populated state. NIH funding helped New York over $1.2 billion dollars in to focus on expanding medical care and research since 2009. New York is rapidly growing in public and private healthcare sectors, medical research, and medical technologies. With one of the largest populations of residents aged 65 or older people are live here, New York is one of the best places for healthcare workers to gain employment within medical research, medical technology, non-profit institutions, and universities as the City develops means of expansion and advancement.
