Invitation

Dear Attendees,

Meetings International proudly announces the ***2nd Global Summit on Sustainable Development & Society*** scheduled during ***April 19-20, 2021 in Berlin, Germany***.

The conference emphasizes the theme "PROMOTING SUSTAINABLE DEVELOPMENT GOALS".

The SUSTAINABLESOCIETY 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. It will give an overall stage to look at about the present and future troubles in Sustainable Development Goals. With huge delight, Sustainable Development & Society alongside the Organizing Committee Members welcome every one of the members from all over the globe to attend the conference. It provides a great opportunity for establishing strong relations between the Sustainable Development & Society, the general public, and government so that they can work together to achieve healthier mouths and happier lives. SUSTAINABLESOCIETY 2021 offers a world coliseum for foreign academics and researchers to discuss their work results with the world and as a regional coliseum. The summit encompasses all 17 sustainable development agendas, such as deprivation, hunger and health.

Sincerely,

Operating Committee

Sustainable Society 2021.

Berlin Attractions

Explore Berlin

Berlin, capital and chief urban centre of Germany. The city lies at the heart of the North German Plain, athwart an east-west commercial and geographic axis that helped make it the capital of the kingdom of Prussia and then, from 1871, of a unified Germany. Berlin's former glory ended in 1945, but the city survived the destruction of World War II. It was rebuilt and came to show amazing economic and cultural growth.

Germany's division after the war put Berlin entirely within the territory of the German Democratic Republic (GDR, or East Germany). The city itself echoed the national partition—East Berlin being the capital of East Germany and West Berlin a Land (state) of the Federal Republic of Germany (FRG, or West Germany). West Berlin's isolation was later reinforced by the concrete barrier erected in 1961 and known as the Berlin Wall.

Its status as an enclave made Berlin a continuous focus of confrontation between the Eastern and Western powers as well as a symbol of Western lifestyle for 45 years. The fall of the East German communist regime and the accompanying opening of the wall—in late 1989 unexpectedly raised the prospect for Berlin's reinstatement as the all-German capital.
