Synthetic Chemistry 2019 Agenda	
Day 1 June 24, 2019	
09:30-10:00	Registration
10:00-10:10	Introduction by Moderator
Keynote Forum	
10:30-11:00	Title:Alkyne annulation: Step-economic construction of core structures of natural products and drugs
	Ruimao Hua, Tsinghua University, China
Networking & Refreshment Break, 11:00-11:20	
11:20-11:50	Title:Innovative surfactants as stabilizers of membrane proteins for structural studies in solution
	Ahcene BOUMENDJEL, Universite Grenoble Alpes/CNRS, France
11:50-12:20	Title: Sustainable Development of Bioenergy from Agriculture Residues and Environment
	Abdeen Omer, Energy Research Institute (ERI), Nottingham, UK
12:20:12:50	Title: The Potential Biologically Active Epoxides Drived from Safranal via thermal and photo epoxidation reactions
	Suzan Khayyat,University of Jeddah, Saudi Arabia
Group Photo	
Lunch Break 13:00-14:00	
14:00-14:30	Title: G.I.T Immunology
	Jean Marie Poffe, Nutrition Cellulaire, Belgium
Oral Session I	
Analytical Chemistry | Clinical Chemistry|Chemical Bonding & Cheminformatics | Food Chemistry	
14:30-15:00	Title:New photosensitizing drugs for photodynamic therapy of resistant cancers and microbes
	Janusz M. Dąbrowski,Jagiellonian University, Poland
15:00-15:30	Title:Progress on the design of metal-based drugs for cancer therapy
	M. Helena Gracia,Portugal
15:30-16:00	Title:Targeting cancer with selective and potent ruthenium compounds
	Andreia Valente,Portugal
16:00-16:30	Title:Synthesis of different sulfoxide from its corresponding sulfide by plant enzyme
	Pratibha Yadav,IIT Delhi,India
Session Adjosement	

Day 2 June 25, 2019	
10:00-10:10	Introduction by Moderator
Keynote Forum	
10:30-11:00	Title:Hydrogen Transfer Mechanisms in the use of Red Mud Catalyst as a Direct Coal and/or Biomass Liquefaction Catalyst
	Mirosław Kwiatkowski,, AGH University of Science and Technology, Poland
Networking & Refreshment Break, 11:00-11:20	
11:20-11:50	
11:50-12:20	
12:20:12:50	
Group Photo	
Lunch Break 13:00-14:00
