European Congress on

PHARMA AND TOXICOLOGY

May 30-31, 2019
Oslo, Norway

https://pharma.euroscicon.com/
https://toxicology.euroscicon.com/

EuroSciCon

Agenda Day 1: May 30, 2019

08:30-09:00 **Registrations**

09:00-09:25 Opening Ceremony

09:25-09:30 **Introduction**

Session Start @ Gran

Keynote Presentations

09:30-10:10 **Title: Near infrared imaging-guided photodynamic therapy**
Lifeng Yan, University of Science and Technology of China, China

10:10-10:50 **Title: Spray drying of proteins/peptides–why we should not fear the high temperature**
Pall Thor Ingvarsson, Novo Nordisk, Denmark

Group Photo 10:50-10:55

Networking & Refreshments 10:55-11:10@ Fellesomrade M&E

Session Introduction

Pharmaceutical Chemistry | Antimicrobial resistance and its emergence | Clinical Pharmacy and Therapeutics | Neurological disorders | Advanced Nanomedicine | Biosimilar and biologics | Neuroinflammation | Industrial Pharmacy | Pharmacognosy and Phytochemistry | Genetic Toxicology | Clinical & Medical Toxicology | Environmental Toxicology | Chemical Carcinogenesis | Drug Toxicology | Food And Nutritional Toxicology

Session Chair : Lifeng Yan, University of Science and Technology of China, China

Session Co-Chair : Pall Thor Ingvarsson, Novo Nordisk, Denmark

11:10-11:40 **Title: Nano-based material for skin carrier**
Pierfrancesco Morganti, Campania University, Italy

11:40-12:10 **Title:Non-coding micro RNAs and hypoxia-inducible factors are selenium targets for development of a mechanism-based combination strategy in clear-cell renal cell carcinoma: Bench-to-bedside therapy**
Youcef M Rustum, State University of New York, USA

12:10-12:40 **Title:Recent advances on medicinal role of Chromium (III)**
Maria de Lourdes Pereira, University of Aveiro, Portugal

12:40-13:10 **Title: Chemical toxicity, exposure and complications**
Abdullah Alrajeh, King Saud bin Abdulaziz University for Health Sciences, Saudi Arabia

Lunch Break 13:10-14:00 @ Betula Restaurant

14:00-14:30 **Title: A new karbstein complex based on a Brazilian biome for the treatment of idiopathic telogen effluvium: subjective, clinical and digital trichogram evaluation**
Bhertha M Tamura, Lexbios Medical Ltd, Brazil

14:30-15:00 **Title: Acanthamoeba: the potential role of natural products towards drug discovery**
Tooba Mahboob, University of Malaya, Malaysia

15:00-15:30 **Title: Overcoming the blood-brain barrier: challenges and tricks for CNS drug delivery**
Erdo Franciska, Pazmany Peter Catholic University, Hungary

15:30-16:00 **Title: Controlled release from designed pharmaceutical polymer systems**
Ilker S. Bayer, Smart Materials Istituto Italiano di Tecnologia , Italy

Networking & Refreshments 16:00-16:20 @ Fellesomrade M&E

16:20-16:50 **Title: Assessment of mutagenic potential effects of aqueous extract of Verbena officinalis**

Abdul Mannan H Fateh, University of Malaya, Malaysia

16:50-17:20 **Title: Heterologous and cross-species tropism of cancer-derived extracellular vesicles as a tool for drug delivery**

Mariangela Garofalo, University of Milan, Italy

17:20-18:00 **Title: Dendranthema grandiflorum extract: a source of larvicidal compounds against Aedes aegypti larvae in a controlled release delivery system**

Kassia C. W. Spindola, Universidade Federal do Rio de Janeiro, Brazil

Panel Discussion and Awards

Agenda Day 2: May 31, 2019

Networking and Panel Discussion

Lunch 13:00-14:00 @ Betula Restaurant

Closing Ceremony

Mark your calender

EuroSciCon Conference on

Physical Chemistry

October 30-31, 2019 | Paris, France
