2nd Annual

Toxicology and Pharmacology

Theme:

Probing the Opportunities in Toxicology and Pharmacology for the Better World

EuroSciCon

Toxicology & Pharmacology

2022

Invitation

Welcome to London, the City of Arts and Science, and experience the science of Toxicology & Pharmacology illuminated as never before. EuroSciCon is proud to host the Conference on Toxicology & Pharmacology, March 17-18,2022 London,UK. This year's theme is "Probing the Opportunities in Toxicology and Pharmacology for the Better World". Toxicology 2022 will provide an unprecedented opportunity for pharmacologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the ield. We invite Toxicologists, pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Toxicology 2022 Conference is the perfect venue not only to dive into your particular Toxicological or Pharmacological interests but also to expand the scope of your knowledge. 31 tracks are devoted to subjects such as the toxicology, drug toxicology, clinical & medical toxicology, immunotoxicology, genetic toxicology, developmental and reproductive toxicology, biochemical and molecular toxicology, pharmacology, applied pharmacology, neuropharmacology and psychopharmacology, clinical pharmacology and receptor theory, pharmacokinetics and pharmacodynamics, cardiovascular pharmacology, ethnopharmacology, immunopharmacology, environmental toxicology, food and nutritional toxicology systems toxicology, industrial or occupational toxicology, methods for toxicity testing, risk assessment, emerging toxicology concepts, chemical carcinogenesis, pharmacogenetics and pharmacogenomics, drug screening and drug discovery, advances in pharmacological research, ocular pharmacology, biochemical pharmacology, pharmacological testing, pharmacoepidemiology and pharmacoeconomics, nursing pharmacology. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Toxicological and Pharmacological forum in person is your active participation.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Oncological forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Toxicology & Pharmacology

2022

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Oncologists and pharmacologists accessing the website, Toxicology & Pharmacology 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Toxicology & Pharmacology 2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

March 17-18,2022
London,UK

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Toxicology & Pharmacology

2022

Who'd be attending?

Annual Congress on Toxicology & pharmacology 2022 plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Toxicology Consultants, Investigative Oncologists and Pathologists, Regulatory Professionals, Pharmacogenetic Professionals, Laboratory Directors and Chemists, Forensic Scientists and Toxicologist and others who stay plunged in Annual Congress on Toxicology & Pharmacology 2022

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Toxicology
- Drug Toxicology
- Clinical & Medical Toxicology
- Immunotoxicology
- Genetic Toxicology
- Developmental And Reproductive Toxicology
- Biochemical And Molecular Toxicology
- Pharmacology
- Applied Pharmacology,
- Neuropharmacology & Psychopharmacology
- Clinical Pharmacology And Receptor Theory
- Pharmacokinetics And Pharmacodynamics
- Cardiovascular Pharmacology
- Ethnopharmacology
- Immunopharmacology
- Systems Toxicology,
- Industrial Or Occupational Toxicology,
- Methods For Toxicity Testing,
- Risk Assessment,
- Emerging Toxicology Concepts,
- Chemical Carcinogenesis,
- Pharmacogenetics and Pharmacogenomics,
- Drug Screening and Drug Discovery,
- Advances In Pharmacological Research,
- Ocular Pharmacology,
- Biochemical Pharmacology,
- Pharmacological Testing,
- Nursing Pharmacology

2022

About Destination London,UK

London is the capital and largest city of England and the United Kingdom. It stands on the River Thames in south-east England at the head of a 50-mile estuary down to the North Sea, and has been a major settlement for two millennia. The City of London, its ancient core and financial centre, was founded by the Romans as Londinium and retains boundaries close to its medieval ones. Since the 19th century "London" has also referred to the metropolis around this core, historically split between the counties of Middlesex, Essex, Surrey, Kent, and Hertfordshire,which largely makes up Greater London, the region governed by the Greater London Authority. The City of Westminster, to the west of the City, has for centuries held the national government and parliament.
