Welcome Message

Meetings International proudly announces the Global Experts Meeting on Toxicology scheduled during November 13-14, 2017 at Singapore. With a theme of "Communing Toxicology Investigations for Human Health".

Meetings International provides a Global Platform for Toxicology Experts, Scientists, Researchers and Pharmaceutical Professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences.

Toxicology Meeting 2017 is a perfect platform to present and discuss current perspectives in drug research and development. Toxicology is the study of interaction of chemical with living systems. It is a medical science that forms a backbone of the medical profession. So, it's important to describe the pharmacological basis of therapeutics in order to maximize the benefits and minimize the risks of drugs to recipients. It is an integrative rather than an autonomous science, drawing on the techniques and knowledge of many allied scientific disciplines. Hence it will be a platform for researchers, scientists, professional involved with drug development. It is with better understanding of Toxicology one can know the right dosage of drugs. More research in Toxicology deals with identifying and responding to drug interactions reactions and side effects and treat accordingly. It is useful to understand the process of drug intake, absorption, distribution, metabolism and elimination. More intensive study with the interaction between drug and its effect helps in identify the properties of ideal drugs and otherwise.

Toxicology Meeting 2017 conference will impact an attractive moment to meet people in the research field and therefore it takes a delight in opening a gate to meet the ability in the field, young researchers and potential speakers. The conference also includes essential topics on Toxicology, Advances in Pharmacological Research, Toxicology and Toxicology, Pharmacological Testing, Clinical Toxicology and receptor theory, Food and Chemical Toxicology, Drug Screening and Discovery, Environmental Toxicology Toxicology, Pharmacogenetics and Pharmacogenomics, Applied Toxicology, Cardiovascular Toxicology, Pharmacokinetics and Pharmacodynamics, NeuroToxicology & PsychoToxicology, Nursing Toxicology, Biochemical Toxicology.

Attend to gain an unmatched experience in the Toxicology field.

Meetings International Toxicology Meeting will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other novel development strategies from some of our workshops and symposiums. Engage in dynamic conversation with your industry peers at our multiple networking sessions, and takeaway novel drug development and commercialization strategies, which could speed up time to market and enhance your marketing strategies. We hope you will join us in Dubai, UAE this August to enhance your research capabilities, and increase time to market on therapeutics.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Who Should Attend?

- Toxicology faculty
- Toxicologist
- Medical Colleges Faculty, Students
- Immunology and Infectious Diseases Associations and Societies
- Business Entrepreneurs
- Manufacturing Medical Devices Companies
- Clinical Data Management Companies
- Machinery Manufacturing Companies
- Pharmaceutical, biotech, CRO, diagnostic and academic professionals
- Discovery Technology
- Nanotechnology
- Drug Development
- Delivery Devices
- Pre-Formulation. Process R&D
- Product Enhancement

Why Attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing innovative drug development take
- Home strategies
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Industry and Academia Delegates
- Networking
- Exhibit hall with leading specialty manufacturing, instrumentation and development providers

Conference Highlights

- Genetic Toxicology
- Human and Health Toxicology
- Applied Toxicology
- Occupational Toxicology & Human Risk Assessment
- Experimental toxicology
- Industrial Toxicology
- Clinical Toxicology
- Drug Toxicology
- Food Toxicology
- Forensic Toxicology
- Immunotoxicology
- Regulatory Toxicology
- Neurotoxicology & Reproductive Toxicology
- Mechanistic Toxicology
- Target Organ Toxicology
- Environmental Toxicology
- Veterinary toxicology
- Computational toxicology
- Nanotoxicology
- Natural & Cosmetic Toxicology

Event at a Glance

Day-01 | 13 November 2017 | Monday	
Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
Group Photo	
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Clinical toxicology | Genetic toxicology
13:00-13:45	Lunch Break**
13:45-16:00	Nanotoxicology | Drug toxicology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Human and Health Toxicology | Occupational Toxicology and Risk Assessment
Day Concludes	
Day 02 | 14 November 2017 | Tuesday	
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Applied toxicology, Immunotoxicology
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Mechanistic Toxicology | Target Organ Toxicology
13:00-13:45	Lunch Break**
13:45-16:00	Experimental Toxicology and Food Toxicology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
Award Ceremony	
Conference Concludes	

Editorial Board Members

Dale Johnson
Emiliem, Inc. and Elara Bioscience Inc
USA

Noreen Khan Mayberry
Science and Aeronautics Research Directorate
NASA , USA

Sanjib Bhattacharya
Tohoku University, Japan

Rajat Sethi
Texas A&M Health Science Center, USA

Rakesh K Srivastava
Kansas Medical Center, USA

Aditya Bhushan Pant
Indian Institute of Toxicology Research,
Lucknow, India

Steven Richard Myers
University of Louisville School
Louisville, USA

James T Pokines
Boston University, USA

Ken Ischiro Inoue
University of Shizuoka, Japan

Karl A Larsen
University of Illinois at Chicago, USA

Journals

Selected contributions will be published in following supporting international Journals

Journal of medical toxicology and clinical forensic medicine
(https://toxicology.imedpub.com)

Research and reviews: Journal of pharmacology and toxicology studies
(https://www.rroij.com/pharmacology-and-toxicological-studies.php)

Journal of heavy metal toxicity and diseases
(https://heavy-metal-toxicity-diseases.imedpub.com)

Sponsorship and Exhibiting Opportunities

Supporting our events as a sponsor is an excellent promotional tool for your company/organization and a fantastic way of achieving several marketing and sales goals all in the space of 2 valuable full days. Our attendees are actively seeking and researching solutions to their business problems, you can save yourself a lot of time and money throughout the year by simply being a sponsor and do more in those intense 2 days for your company than the whole year! Whether the goal is to increase brand aware-ness and credibility, getnerate new sales leads or maintain & expand existing relationships, we have the right sponsorship to broaden your competitive advantage in the market-place and attract your target market.

Want to find out some more about the sponsorship opportunities we have available?

Call Program Manager on 800-101-2526 (or)

email him at toxicology@pharmameetings.com with "Sponsorship Enquiry" in the subject line. (* Please note that sponsorship opportunities are limited due to the educational-led focus of this event. Please enquire for availability.

Why Sponsor Our Event?

- Opportunity to meet new business partners enhance customer relationships
- International exposure through promotions
- Increase brand name by partnering
- Reevaluate market position as thought leader
- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Singapore

Singapore is a wealthy city state in south-east Asia.Singapore is also commonly known as a “Garden City” or a “City in a Garden” because there are trees planted everywhere, making it look like a garden.Singapore is a global commerce, finance and transport hub. Its standings include: the most “technology-ready” nation (WEF), top International-meetings city (UIA), city with “best investment potential” (BERI), second-most competitive country, third-largest foreign exchange market, third-largest financial centre, third-largest oil refining and trading centre, and the second-busiest container port.

The main streets in Singapore are busy, colourful and filled with the inviting aromas of street food. It is here where you can devour delicious prawn noodles or a bowl of Wee Nam Kee chicken. Food from the street vendors is bursting with local flavours and is irresistible after a long day walking through the streets and shopping in the malls.

In the dark of night the city of Singapore lights up. The stunning skyline reflects off of the Singapore River and illuminates the sky. On the river there aren’t just straight up skyscrapers, there is even a quirky building which has curved sides and looks as though a space ship has landed on top of its roof.
