ABOUT MIAMI

Miami is home to the world's largest collection of Art Deco Architecture, the majority of which can be found in the Art Deco Historic District. In addition to bright-colored exteriors, chrome accents, porthole windows, geometric fountains, and statues, Art Deco design also centers on whimsical interior motifs including exotic flora, fauna, and decor. The Vizcaya Museum and Gardens, previously known as Villa Vizcaya, is the former villa and estate of businessman James Deering. The early 20th century Vizcaya estate includes: extensive Italian Renaissance gardens; native woodland landscape; and a historic village outbuildings compound. The landscape and architecture were influenced by Veneto and Tuscan Italian Renaissance models and designed in the Mediterranean Revival architecture style, with Baroque elements. Miami-Dade County now owns the Vizcaya property, as the Vizcaya Museum and Gardens, which is open to the public.
