Meetings International

2nd International Conference on

VACCINES & VACCINATION

June 17-18, 2019 | Miami, USA

Theme:

Drifts in Traditional and Innovative Vaccines Approaches in the present Era

https://www.meetingsint.com/conferences/vaccine

Organizing Committee Members

Giulio Tarro
Professor, Foundation T. & L. de Beaumont Bonelli, Italy

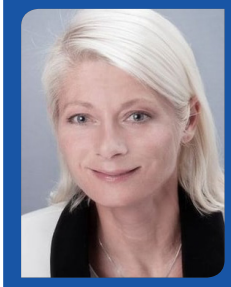

Peter L Nara
Chairman & co-founder of Biological Mimetics, Inc., USA

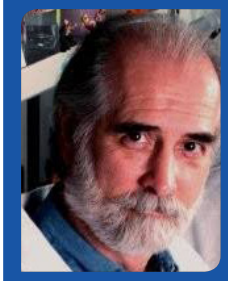

Martin J. D Souza
Professor, Mercer University, USA

Jucelaine Haas
Federal University of Technology, Brazil

Ivana Haluskova Balter
Administrative Board Member, French society of immunology, France

Guy Cardineau
Professor, Arizona State University, USA

2nd International Conference on Vaccines & Vaccination	
June 17, 2019	
	Registrations
	Opening Ceremony
	Introduction
Keynote Forum	
Keynote Forum	Title: Adjuvants and vaccines a millenium evolution
	Peter L Nara, Biological Mimetics, Inc., USA
Keynote Forum	Title: Microbiota, immunology and vaccines to tackle antimicrobial resistance
	Ivana Haluskova Balter, CHD Group, France
	Net Working & Refreshment Break
Keynote Forum	Title: Prevalence of campylobacter and AMR
	Giulio Tarro, Foundation T.& L. de Beaumont Bonelli, Italy
Group Photo	
Lunch Break	
Session Highlights New vaccines| Vaccines a millenium evolution| Veterinary Vaccines| Novel Vaccines| Infectious diseases & Non Infectious Diseases| Vaccine-Preventable Diseases| Trials in Vaccinology	
Speaker 1	Title: Advancement in prevention and treatment of infectious diseases
	Neha Ghosh, Emergent BioSolutions, USA
Speaker 2	Tittle: Characterization of recombinant vaccine constructed by individually cloning of HIV1 C gag, env and polRT genes using Semliki forest Virus Vector
	A.H.Bandivdekar, National Institute For Research in Reproductive Health, India
Speaker 3	Title: Herbal eritage among tribes of Madhya Pradesh, India used in the treatment of viral hepatitis
	Louise Cosby, Agri-Food and Biosciences institute, UK
Speaker 4	Title: Priming plants: A vaccine against diseases
	Jucelaine Haas, Federal University of Technology, Brazil
Speaker 5	Title: Antibiotic discovery in the twenty-first century
	Mohamed Hamza, Suez Canal University, Egypt
Speaker 6	Title: Evaluation of long-term stability and biological activity of emulsion- based nanoadjuvants
	Agnieszka Razim, Immunology and Experimental Therapy Wroclaw, Poland
	Coffee Break
Speaker 7	Title: Status of vaccination and its related health consequences in slum areas of central vidarbha region of India – An insight
	Rohit Moharil, National Inst for Research in Reproductive Health, India
Speaker 8	Title: Use of the antibiotic finafloxacin for the treatment of infections caused by biological threat agents.
	Sarah V. Harding, Research Practitioner, Brazil
Speaker 9	Title: Nanovaccines for infectious diseases delivered via microneedle patches
	Martin D Souza Mercer University, USA
	Speaker Slots available
	Speaker Slots available

	Day 2
Keynote Forum	
Key note Forum	Title: Predictive factors of disease free survival in ovarian clear cell carcinoma in Peru
	Joost J.Oppenheim, Center for Cancer Research, USA
Session Highlights Hepatitits Vaccine| Novel Vaccines| Infectious diseases & Non Infectious Diseases| Neonatal& Pediatric Vaccine	
Speaker 10	Title: Direct florescent antibody test for rapid detection of human metapneumovirus in patients with pneumonia and bronchiolitisz
	Abdelwahid Saeed Ali, King Khalid University, Saudi Arabia
	Coffee Break
Speaker 11	Title: Growth dynamics and drug resistance pattern of methicillin resistant staphylococcus aureus under the effect of panchgavya: Possible next generation cost effective natural drug
	George Kassianos, FRCGP, UK
Speaker 12	Title: The characteristics of highly immunoreactive surface proteins of Clostridium difficile using human sera
	Sabina Gorska, Institute of Immunology and Experimental Therapy Wroclaw, Poland
	Speaker Slots available
	Speaker Slots available
	Speaker Slots available

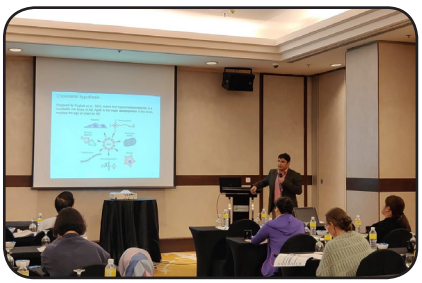

Glympses

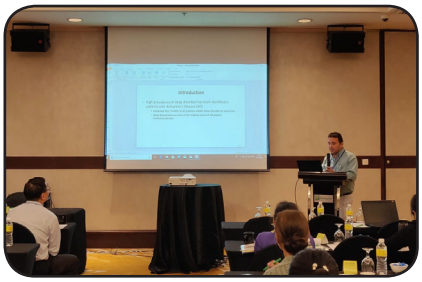

About Miami

Miami is an international city at Florida's southeastern tip. Its Cuban influence is reflected in the cafes and cigar shops that line Calle Ocho in Little Havana. On barrier islands across the turquoise waters of Biscayne Bay is Miami Beach, home to South Beach. This glamorous neighborhood is famed for its colorful art deco buildings, white sand, surfside hotels and trendsetting nightclubs. Miami is one of the state's – and the world's – most popular vacation spots.Miami is home to the world's largest collection of Art Deco Architecture, the majority of which can be found in the Art Deco Historic District. In addition to bright-colored exteriors, chrome accents, porthole windows, geometric fountains, and statues, Art Deco design also centers on whimsical interior motifs including exotic flora, fauna, and decor. The Vizcaya Museum and Gardens, previously known as Villa Vizcaya, is the former villa and estate of businessman James Deering. The early 20th century Vizcaya estate includes: extensive Italian Renaissance gardens; native woodland landscape; and a historic village outbuildings compound.
